CITY SHAKEN AS BIG OIL TANKS BLOW UP AND BURN

Dentists From All Over Province In Convention To-day

Upwards of 100 Delegates Welcomed at Opening of Sessions This Morning by Alderman James Adam, Representing Mayor; Dr. Frank P. Smith Delivers Annual Address; Dr. H. E. Young Will Speak To-morrow.

Acting for Mayor Herbert Anscomb, who is absent from the city, Alderman James Adam this morning extended a civic welcome to nearly 100 delegates to the annual convention of the British Columbia Dental Association, Dental surgeons are here from all over the Province and a large section of the lower floor of the Empress Hotel, including the Georgian Lounge and the Princess Charlotte and Princess Louise salons, is being utilized for exhibits and demonstrations and the delivery of addresses.

The president's address was delivered this morning by Dr. Frank P. Smith of Vancouver, president-elect.

RESOLUTIONS FRAMED

Committees were appointed to-day and resolutions framed to come before the association at the annual session to-morrow evening, when Dr. H. E. Young, Provincial Health Officer, will address the assembled delegates on "Preventive Medicine and Dentistry as Carried on by the Provincial Board of Health."

Dr. F. S. Meyer of Minneapolis and Dr. W. E. Cummer of Toronto, chief clinicians, gave technical talks this morning. Dr. Meyer speaking on "Investment—Wax Expansion and Elimination—Casting Crowns, Inlays and Bridges," while Dr. Cummer spoke on "Partial Denture Construction."

Clinics are being presided over this afternoon by Dr. Meyer and Dr. Cummer.

At 8 o'clock this evening there will be a special programme and demonstrations by various dental supply firms and exhibitors.

Clinics will be continued to-morrow morning and to-morrow afternoon by the chief clinicians.

MORE STORAGE SPACE FOR GRAIN ON THE PRAIRIES

Minister Promises Increases at Moose Jaw, Lethbridge and Saskatoon

Ottawa, May 8.—Increased internal storage of grain at Moose Jaw, Lethbridge and Saskatoon, would be provided by his department, Hon. James Macdonald, Minister of Trade and Commerce, told the agriculture committee of the House of Commons to-day. The committee had before it an amendment to the new act providing for compulsory inspection of grain at those points. The amendment was withdrawn.

The government, Mr. Macdonald stated, had also been requested by the Wheat Pool, to lease to it the warehouse at Port Arthur. He felt, however, the immediate need was greater. Internal storage on the prairies, the government had not been able to determine whether compulsory inspection at Moose Jaw and the other points was advisable.

It also felt it would not be in the interests of the producers if it were to give up control of its storage space at Port Arthur. The problem which both proposals sought to deal with, he felt, would be met by the provision of increased storage facilities at those points. He had already recommended the provision of money for this purpose in the supplementary estimates.

On Mr. Macdonald's suggestion the amendment was withdrawn by J. Gordon Ross, Liberal, Moose Jaw, and Dr. A. M. Young, Liberal, Saskatoon.

AMENDMENT ON BUDGET IS HEARD BY M.P.'S

Fansher, Saskatchewan, on Behalf of Progressives, Adds Sub-amendment

Hon. H. H. Stevens, Conservative, Vancouver, Shares in the Debate

Ottawa, May 8.—A sub-amendment to the budget made its appearance in the House of Commons to-day. Moved by W. R. Fansher, Progressive, Last Mountain, Sask., it reads as follows:

"That all the words after 'It is of the opinion that' in the amendment, in the tenth line thereof, be struck out and the following substituted therefor:

"The government having definitely adopted the principle of increased production, modified only by certain extensions of the British preference, it is to be regretted that more effective consideration has not been given to the position of agriculture and labor; but that, on the contrary, the changes made in the iron and steel schedules will result in an increased cost in respect of all structural work and the machinery of production; and further, that the best interests of Canada would be served by a more substantial increase in the British preference, particularly as affecting textile and other articles of a similar character, together with a modification or abandonment of the regulations requiring a fifty-per-cent duty on foreign goods, which have largely nullified the effect of any preference given;

NORTHERNERS AND CHINESE ARMY FIGHT

Long Expected Civil War in Oriental Republic Begins in Honan Region

Nanking, May 8.—The long impending war between the Northern Military Alliance and the Nationalists Government was begun to-day, according to dispatches received here. The fighting was very severe.

The clash between troops directed by Gen. Feng Yu-hsiang and Gen. Yen Shih-shan of the Northern Alliance and the government forces took place along the railway from Kweichow, Honan province, to Suichow, in Kiangsu.

The Nationalists suffered sharp losses and the rebels unknown casualties. Five thousand wounded Nationalists, said dispatches, had arrived at Suichow tonight from the front lines, while 2,000 additional wounded were reported en route to Nanking.

ANNUAL MEETING COMMERCE CHAMBER SET FOR TO-MORROW

The annual general membership luncheon of the Victoria Chamber of Commerce, when a review will be given of an active year's work, will be held to-morrow at the Chamber of Commerce, commencing at 12.15 p.m. The speaker for the meeting will be William Sutherland Evans, who was named commissioner for the British Columbia Government to report on interior fruit and irrigation problems. He will speak on "General Conditions in British Columbia."

There was a decrease during the month in the amount of call loans held outside Canada by the banks, and an increase in the amount held in Canada.

When Police Quelled Riot In Calcutta

The picture above, the first received in Victoria from the areas of the riots in India, shows armed policemen in Calcutta tearing down a rebel barricade of buffalo carts just after a street fight in which six persons were killed and more than sixty wounded. Traffic was blocked in the vicinity of the Howrah Bridge while the fighting was in progress.

To-day's Awards At Musical Festival

Piano, Elocution and Vocal Classes Heard at Four Different Centres This Morning

Classes were held this morning in four different centres in connection with the Victoria Musical Festival at the Metropolitan United Church, the First Baptist Church, the First Baptist Church, and the Progressive Thought Temple. At each centre there were large audiences, who followed with interest competitions in piano, elocution and vocal classes.

TO CONFIRM PATTULLO AS B.C. LEADER

Victoria Liberals Name Forty Delegates to Attend Party Convention in Kamloops

Victoria Liberals are out unanimously to have T. D. Pattullo confirmed as permanent leader of the party in British Columbia.

A motion to this effect was formally passed at last night's meeting of the Victoria Liberal Association under President W. Kinman. It was moved by Arthur H. Cox and seconded by W. Arnold.

The meeting named forty delegates to go from Victoria to represent this provincial electoral district at the Kamloops convention.

The administration of the Macdonald King Government has been one of advancement for Canada and at the forthcoming Dominion election, British Columbia is now certain to send a fair representation of members back to Ottawa to support the Liberal Government," said Mr. Kinman. "Conservative Leader Bennett, at first did not know what to say about the budget because it was so good and now he is seeking to attack it only in a way that brings reproach on himself."

The Dunning budget is the greatest thing we have ever had," said James Sloman, who said he was speaking as an Englishman who had come from England.

MOBS DESTROY PIERS, VESSELS BUILDINGS IN FIGHT IN INDIA AT BAYONNE, N.J.

Two Natives Killed and 100 Wounded in Violent Riots in City of Sholapur

3,300 Bales of Cotton at Sewrin, Near Bombay, Burned; Natives Blamed

Bombay, India, May 8.—Rioting in streets of Sholapur, within 150 miles of where Mahatma Gandhi is held in prison, to-day counted two deaths and more than 100 wounded as its toll. All the Presidency of Bombay seethed with insurgent activity.

Reports that Mahatma Gandhi, imprisoned leader of India's Nationalists, had been spirited from the Yeroda jail near Poona to the walled fortress at Puraudhar, twenty-five miles away, were officially denied.

Rioters ruled in Sholapur, textile settlement of 120,000 inhabitants, as a detachment of the Duke of Wellington's Riding Regiment was dispatched to the beleaguered community. Armed defence forces, soldiers, police and citizen reserves, carried on as best they could, hemmed in by the insurgent mob, crying for the release of Gandhi from prison.

STARTED AT LIQUOR SHOPS

Rioting started yesterday evening when striking mill workers picketed liquor shops. Military forces stood by after the disorders had subsided, but at dawn the disturbances were resumed. A mob, chopping down trees from which liquor is extracted, refused to disperse and police opened fire on the milling throng.

At noon six police stations had been burned down. All but one of the city's liquor stores were heaps of smoking ruins. The magistrate's court had been wiped out by flames. Reports of the rioting had spread throughout the Bombay Presidency, causing unrest at numerous points, especially here in Bombay, on the shore of the Arabian Sea, some 120 miles northwest of Sholapur.

Eight European women and their five children were evacuated from Sholapur to-night by unreported means. They are to be taken to Poona.

HEALTH INQUIRY OPENED TO-DAY AT VANCOUVER

Several Witnesses Give Views Before Commission on State Insurance

Vancouver, May 8.—The principle of state health insurance and maternity benefits was endorsed unanimously by number of witnesses, of whom women formed a majority, at the opening hearing of the Provincial Royal Commission at the Vancouver Courthouse to-day.

C. P. Davis, chairman, and George S. Pearson, M.P.P., Nanaimo, were the two members of the commission of five members of the Legislature sitting here to-day.

President E. Gallan of the Druggists Practitioners' Association, submitted that if state health insurance should come into force in the province, there should be ample provision that the individual beneficiary should have the privilege of choosing to be treated by a druggist practitioner if he should so desire.

DEATH TOLL OF BURMA QUAKE PUT AT 1,000

Bodies Found in Great Fissures Opened By the Shocks

Rangoon, Burma, May 8.—The death toll of the earthquake at Pegu early this week up to July 1,000.

More than 300 persons were still unaccounted for and bodies were being found in huge fissures which opened up after the quake.

REPORT SIX KILLED IN PLANE CRASH DENIED

Mexico City, May 8.—The Department of Communications to-day said a telegram had been received from the Inspector of police at Agua Caliente saying there was no official report of an aeroplane crashing with the loss of six lives near that place. The Inspector denied there had been a fatality.

GROWERS LOSE AS RESULT OF FROST

Vancouver, May 8.—Extensive damage was done to tender young ground plants on the lower British Columbia mainland last night by frost.

BRITISH AND EGYPT TREATY EFFORTS FAIL

Negotiations Break Down on Nile Leaders' Claims Regarding the Sudan

London, May 8.—Anglo-Egyptian negotiations for a treaty collapsed this morning and the Egyptian delegation will return home forthwith.

While no official communique was issued, it was authoritatively stated the rupture took place over Egypt's claims regarding the Sudan.

Nahas Pasha, Egyptian Premier, demanded the whole Sudan be recognized as Egyptian territory, to be administered jointly by Egypt and Great Britain. Mr. Henderson, British Foreign Secretary, refused to concede this.

When it was found an agreement was impossible this morning Mr. Henderson addressed the conference, saying the greater part of the British public would be sorry a settlement had not been reached.

DESPITE FRIENDSHIP

Nahas Pasha replied that the Egyptian public also would be grieved, because there was nothing the Egyptians wanted more than to be on good terms with the British.

Mr. Henderson said he wished it to be clearly understood the door must still be open and that if either side thought better of the situation the treaty was still there to be considered afresh.

COMMONS INFORMED

Mr. Henderson this afternoon announced in the House of Commons the breakdown of the negotiations, saying it had come "in spite of most sincere and friendly efforts on both sides, His Majesty's government not having seen its way clear to meet the demands of the Egyptian delegation in regard to the Sudan."

SOME CONSERVATIVE CHIEFS WHICH INTERRUPTED this announcement brought loud cries of "shame."

The Foreign Secretary promised to lay before the House a white paper dealing with the negotiations.

SOLO FLIGHT

Beirut, Syria, May 8.—Miss Amy Johnson, British aviator, who is now on a solo flight from England to Australia, landed last night at Mouslin, near here.

Lapointe Is the First Speaker In Campaign

Federal Minister of Justice, Addressing Banquet Audience at Woodstock, Ont.; Predicts King Government Will Win Election

Woodstock, Ont., May 8.—In the first political address by a member of the Federal Cabinet since Premier King announced a general election would be held this summer, Hon. Ernest Lapointe, Minister of Justice, here yesterday evening, declared the Dunning budget was a national budget with the great policy of British preference as its foundation.

Upholding his statements with numerous statistics, Mr. Lapointe stressed the budget as the highlight of the Liberal Government's election programme. The Liberal Party sought to draw all the conflicting interests within the Dominion together for the benefit of all.

RAIN AND SNOW ADD MOISTURE TO PRAIRIES

Winnipeg, May 8.—Snow and rain to-day had clamped a chilly blanket over Manitoba and Saskatchewan. Especially in the areas along the border-line between the two provinces, damp snow sank down on prairie fields. As the moisture bank moved eastward, it reached its maximum at Winnipeg where almost two inches of rain poured down in twenty-four hours.

Canadian Davis Cup Team Works Out For Match

Philadelphia, May 8.—Members of the Canadian Davis Cup tennis team, here for the American zone matches with the United States, May 15, 16 and 17, held their first workout yesterday. The Canadians practiced on the courts of the Philadelphia Country Club at Bala, where the matches will be played. They are Dr. Jack Wright, captain; Willard Crocker and Marcel Rainville, all of Montreal. Gilbert Nunn of the Canadian team was expected to-day.

MEXICAN TEAM CHOSEN

Mexico City, May 8.—The four players who will represent Mexico in the Davis Cup play were announced yesterday by the Mexican Lawn Tennis Association. Ricardo Tapia and Ignacio de la Borbelle will play in the singles while Manuel Diano and Alfonso Unda compose the doubles team. The Mexicans meet the winner of the United States-Canada match at Washington, D.C., May 22-24, in the American zone final.

British and U.S. Walker Cup Teams About Even Match

Closely Contested Games Expected by Bobby Jones, Captain of U.S. Team; Sandwich Course Will Favor English Players if Weather Bad, He Says; Regrets Loss of Jess Sweetser for Foursomes.

By BOBBY JONES

Now that the British Walker Cup team has been definitely selected, and we are assured of the personnel of our own side, it is possible to take stock of the situation with some sound basis for conclusions drawn. Until now it has been possible to speculate only upon what men the Royal and Ancient selections committee would finally fix to fill the remaining three places left vacant when seven men were named some while ago.

Five of the ten selected have competed before in Walker Cup matches. The others, with the exception of Rex Hartley, are unknown to our players except through hearsay. Yet I think we know enough to be certain that we will have to be favored by at least a fair share of luck if we are to carry the day at Sandwich.

SLENDER MARGIN

The rather one-sided aspect of those International matches which have been played in the United States have induced the impression that we are capable of supplying a team of amateurs vastly superior to any the British can muster under any circumstances. But those who hold this view forget some of the staunchest competitors from the other side have never yet visited the United States, and at no time has Great Britain placed a representative team in the field on U.S. soil.

We have won over this side handsily in every case, yet in the two matches played at St. Andrews we have triumphed by a single point in each instance, and even this slender margin in each match was preserved by a dramatic draw in the foursomes in which first Francis Outmet and then George Von Elm pulled our chests out of a very hot fire.

This was St. Andrews, and I think Sandwich favors even more the chances of our opponents, particularly if we strike any truly Sandwichian links. St. Andrews is a steady link, but when it blows at Sandwich it is the last word.

U.S. TEAM STRONG

On our side of the picture it is difficult to see how a stronger team could have been selected. I think there will be no claim made of unfair selection if our representatives are beaten. But it can be no deduction from our first alternate, Roland MacKenzie, to say that the loss of Jess Sweetser is a considerable loss to our team. In Sweetser we not only lose one of the most determined and reliable match players we have ever had, but his absence will break up our only really obvious foursome combination. Jess and George Von Elm have paired together in two Walker Cup matches, and the resulting team has been the most formidable foursome combination I have ever seen. They have not only won two matches, but doing so have displayed a brand of golf which was unobtainable. It is always difficult to provide four some combinations which are as effective as would be expected from the skill of the individual members. It is no small loss to be deprived of even one such combination which could be relied upon.

HAS PLAYED AHEAD

MacKenzie, who takes Sweetser's place, is a veteran of two Walker Cup engagements and has acquitted himself nobly in each encounter. He has a distinct advantage in having played abroad, under seaside conditions. We all look, I think, for a very close match at Sandwich. The chances should be regarded as nearly even as it is possible they should be, although the uncertainty of the game may turn several closely-contested matches to one side or the other to increase the margin.

GUN ACCIDENT TAKES LIVES OF CONVICTS

Two Prisoners at Columbus, Ohio, Killed When Guards' Machine Gun Goes Off

Some of Prisoners Must Sleep in Open Because They Burned Tents

Columbus, Ohio, May 8.—Two sleeping Ohio Penitentiary convicts were killed by machine gun bullets to-day when the weapon, mounted in the prison yard here after last night's stockade fire, was accidentally discharged by Ohio National Guardsmen. The victims were asleep in the E and F dormitory when the bullets passed through a barred window. They were struck in the heads and died almost instantly.

The victims were believed to be James W. Ross, forty, Cuyahoga County, and Albert Freeman, negro, Cuyahoga County. Ross, admitted to the penitentiary in 1925, was serving ten to fifteen years for burglary and larceny. Freeman, admitted the same year, was serving ten to twenty years for manslaughter. Identification was not certain, guardsmen pointing out that all numbers in the prison had been confused since the disastrous Easter Monday fire when 922 convicts, locked in their cells, were killed by fire and smoke.

ONE WOUNDED

A third convict was wounded. A bullet creased the side of Ernest Warren, Cuyahoga County, also a resident of the dormitory. He is serving two to twenty years for cutting to wound. Warren, who has served time in half a dozen prisons, will recover, according to prison hospital doctors. Colonel Robert S. Haubrich, ranking guards officer at the prison, reported the shooting occurred about 6 a.m. eastern standard time. He said that following last night's fire in the stockade, when about 400 unruly prisoners fired eighty-eight tents inside the barred wire enclosure, machine guns

DOHENY'S MEMORIAL TO SLAIN SON

This high altar, almost unprecedented in the modern age in its art execution, has been erected by E. L. Doheny, the multimillionaire oil man, in St. Vincent's church, Los Angeles, as a memorial to his son, E. L. Doheny Jr., murdered two years ago. The altar, and two shrines and a chapel also given by Doheny, cost \$300,000.

MINISTER OF TRADE URGES NO REDUCTION OF WHEAT AREA

Ottawa, May 8.—Wheat producers of Canada have nothing to gain by cutting down production, Hon. James Macdonald, Minister of Trade and Commerce, told the House of Commons committee on agriculture to-day. The committee was considering the new Grain Act and the minister took advantage of the occasion to make a few comments on the grain situation.

SCIENTIFIC PRODUCTION

The Canadian problem, he said, was to achieve more economical and scientific production. Recent experience, he said, had shown that high-priced wheat encouraged the use of substitutes in European countries. Through the application of chemical treatment European millers were not able to make a fairly good flour out of low grade wheat.

Canada, said the minister, produced the best wheat in the world and by scientific methods could produce wheat more cheaply than any of her competitors. A high price put this country in a poor position, but a declining price put it in a stronger position.

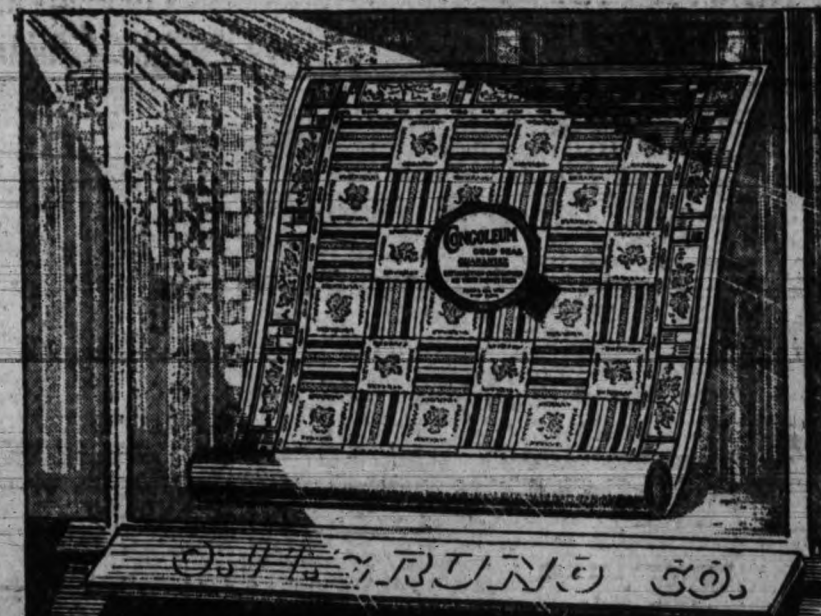

HIGHEST RETURNS

The object of the Grain Act was to regulate the weighing and handling of grain so that whatever the world price might be the Canadian producers would get the greatest possible return. Mr. Macdonald was optimistic about the future. He said the prairie, faced the coming year with an excellent administrative body, the Board of Grain Commissioners, with the best Grain Act the country ever had and with the best spirit of co-operation ever experienced.

Quick Pile Relief

No Salves or Cutting
Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. S. Leonard, succeeds, because it removes this blood congestion and strengthens the affected parts.

NOW, the CRANE BUDGET PLAN brings modern plumbing and heating to all

**SMALL
INITIAL
PAYMENT**
the rest monthly

HAVEN'T you often wished for some of the many beautiful and convenient improvements now offered in plumbing and heating? Haven't you thought how much pleasanter to live in, how much easier to sell or rent, they would make your house?

**Pay nothing until everything
is installed**

You get the improvements, fully installed in your present home, before you pay a cent. Then you make only a small initial payment, the rest in small monthly payments. The plan is simplicity itself. Call in your plumbing contractor. Tell him what you want done to modernize your home or any other building. He will show you how easily you can afford to do it

now, without bother or red tape. He will install the materials you select and take care of all financing details.

Remember that all materials installed under this plan will be of recognized Crane quality, backed by a 75-year reputation. Remember that from the moment they are in place they will increase the value of your property by every penny they cost... in many cases by two or three times their value.

Consult your plumbing contractor at once.

Visit the nearest Crane Exhibit Rooms and inspect the latest fixtures. Write for this book. It shows a cross-section of the complete Crane line, with valuable information on planning. Every article in it can be bought for your present home on monthly payments.

CRANE

GRADUATES ARE URGED TO STAY IN THE DOMINION

Kingston, Ont., May 8.—There is an urgent appeal I wish to address to the young men and women of the country who have been through a university course, and it is this: "Stay in Canada." In these words, Hon. L. A. Taschereau, Premier of the province of Quebec, endeavored to bring home to the 200 new arts and science graduates of Queen's University yesterday afternoon, on the occasion of the spring convocation, that their duty is toward the country of their birth.

the country which educated them at considerable public expense.

"If statistics were published we would perhaps be appalled to learn of the number of those who have left us for the neighboring republic," said the Premier, who was present to receive an honorary degree of doctor of laws.

"There is room for everyone in our Canada. Some of our learned professions may be overcrowded, but the top of the ladder is certainly not. Politics may have their full quota of willing, devoted and heroic soldiers, but in the scientific field, in the engineering world, in the development of our natural resources, openings are unlimited.

Ontario and Quebec, if they want to play in this Dominion the part that they are entitled to by their wealth, population and geographical situation, must stand hand by hand."

An act can carry many times its own weight.

TASCHEREAU AND OTHERS HONORED BY UNIVERSITY

Kingston, Ont., May 8.—Conferring of honorary degrees of doctor of laws on Premier L. A. Taschereau of Quebec; Dr. J. C. E. Connell, former dean of Queen's University Medical School, and Samuel Insull, graduate of the university, now residing in Chicago, featured the convocation ceremonies at the university here yesterday evening.

Grant Hall, where the convocation was held, was crowded by students eager to witness the impressive ceremony, which was the last official function in university life for Dr. R. Bruce Taylor, the retiring principal.

Degrees of doctor of divinity were

conferred on Rev. Donald Macdonald, Brockville, Ont., and Rev. Neil M. Leckie, St. Mary's, Ont., president of the Queen's Theological Alumni Association.

Other high spots of the ceremony were the unveiling of two portraits, one of Dr. Taylor, unveiled by Judge H. A. Lavell, and one of the late Dr. William Morgan of Queen's Theological College, unveiled by Rev. N. M. Leckie.

Principal Taylor was presented with a marine clock by the students.

SEAPLANE SUCCESS

Revelstoke, B.C., May 8.—Despite opinions that the backwater of the Columbia River here was not suitable for landing purposes, flying officer McFie of Kaslo swooped down on the water yesterday for a perfect landing, and after a stay of several hours took off without difficulty. It was the first seaplane landing ever made on the river here.

RECORD OF THE MINISTRY IS ELECTION TEST

Ralston Makes Prediction in Address to Ottawa Women's Liberal Club

Ottawa, May 8.—That the budget would not be an issue in the Federal election was a statement made by Hon. J. L. Ralston, Minister of National Defence, to the Ottawa Women's Liberal Club yesterday. The only issue, he said, appeared to be the competency of the present administration. This was the only reference to the general election in the course of his address.

He surveyed the record of the government since its assumption of office in 1921, however, and pointed to the decrease in the national debt and the general development of the country as an index of the government activities toward the advancement of Canada.

Colonel Ralston's discourse was devoted in the main to an outline of the work of the recent Naval Disarmament Conference. Apropos of that, he remarked in an aside that it had been a source of great pride to him to learn in London that Canada's trade was greater than that of two of the great powers which were represented in that assembly.

**Former Associate
Of Dr. F. A. Cook
Is Facing Charges**

Oklahoma City, Okla., May 8.—S. E. J. Cox, whose meteoric career as an oil promoter nearly a decade ago terminated in a sentence to the Leavenworth federal penitentiary, today again faced charges of using the mails to defraud as the government acted against the Universal Oil and Gas Company.

Cox, his wife, Nellie, and seven other officials of the company, were named in warrants issued yesterday on information sworn to by R. B. Cochran, post office inspector. All were charged with fraudulent use of the mails.

At the same time Federal Judge Edgar S. Vaughn appointed Fred S. Branson, former chief justice of the Oklahoma supreme court, as receiver for the company, which has headquarters here. The receivership was granted at the request of R. F. Hodson, representing a group of Iowa stockholders.

An associate of Dr. Frederick A. Cook, one-time Arctic explorer, in oil promotion in Texas before the government made a drive against alleged wholesale fake oil stock selling schemes, Cox was sent to the Leavenworth prison February 24, 1924, and released on parole July 20, 1926.

Mrs. Cox is listed as secretary of Universal. The couple have lived here recently. Cox is not listed as an official of the company.

INQUIRY INTO WORK OF POLICE RECOMMENDED

Quebec, May 8.—Appointment immediately of a royal commission to investigate the administration of justice in regard to crime, and more particularly the administration of both the provincial and municipal police, was recommended by the grand jury of the criminal sessions of Quebec at the close of its sittings yesterday.

Another recommendation was that a law should be devised restricting publicity in favor of alcohol beverages.

YUKON ROAD PLAN STUDIED

Washington, May 8.—A House bill to authorize President Hoover to appoint a commission to co-operate with Canada in determining the feasibility of constructing a highway to connect the northwestern part of the United States with British Columbia, the Yukon Territory and Alaska was passed yesterday by the Senate and sent to the President.

Vancouver Island News

Ladysmith

Ladysmith, May 8.—On Monday evening a partner whist drive was held in St. John's Hall. Ten tables were in play and the successful prize winners were as follows: First, T. Provis and Mrs. A. E. Jones; second, Mr. Lister and Mrs. Walker. Announcement was made of the winners of the players who held the highest score of the five hundred card series which were held during the winter months. The ladies' prize was won by Mrs. W. Sanderson and the gentlemen's prize by A. McElinch. After the games refreshments were served.

Chemainus

Chemainus, May 8.—Lieut. Commander Colin D. Donald, R.C.N., who has just arrived from England, on leave, with his wife and son Peter, are guests of the parents, Mr. and Mrs. H. E. Donald, Chemainus.

Mrs. James Cook, president of Chemainus Review No. 10 W.B.A., left on Saturday for Vancouver and is attending the provincial W.B.A. rally held in that city. Mrs. Robert English and Mrs. E. R. Hallberg left on Monday also to attend the rally.

Mrs. John Stewart was a recent visitor to Vancouver and Victoria. Mr. and Mrs. Martin Casswell and Mrs. Casswell's sister, Miss Platoon, have returned from a holiday spent in Vancouver.

Jack Gill, who for some time has been up the West Coast, has returned to Chemainus and is staying with his parents, Mr. and Mrs. Roy Gill.

W. P. Owens has returned to Chemainus from Nanaimo.

Alberni

Alberni, May 8.—Mrs. Angus McLean and small daughter of Britannia Beach, are visiting her parents, Mr. and Mrs. E. E. Frost.

Mr. and Mrs. Edward Allen spent the week-end at Nanaimo, the guest of Mr. and Mrs. H. Tuok.

Mr. and Mrs. E. P. Demers of Great Central spent the week-end in Vancouver.

Fred Sinnott and E. Robinson were week-end visitors in town from Victoria.

Mrs. G. Thelton and daughter Gladys of Victoria are visiting the latter's sister, Mrs. Walker Greene of Alberni.

Mike Conlin of Shuswap Lake was a week-end visitor to town.

Mrs. W. E. Barvis of Vancouver, is visiting her daughter and son-in-law, Mr. and Mrs. T. A. Brown of Great Central.

Miss Marjory Leedman and Miss Agnes Williams of Courtenay, spent the week-end here as guests of Miss Nell Heath.

Mrs. Arthur North was a bridge hostess at her home on Monday afternoon. The tea table was prettily centered with roses, tulips and narcissus, and among those present were: the Messrs. Smith, Messrs. Agnes and Mattie Forrest, Jean Wilkinson, Belle Patterson, Nell, Anne and Honey Burke.

A very successful dance was held in Clark's Hall on Saturday evening under the auspices of the Alberni Athletic Association.

Mrs. A. Rochester of Alberni, announces the engagement of her daughter, Elizabeth (Beattie) Redford, to Robert Gaetz of Vancouver, the wedding to take place on June 4.

Mrs. S. W. Walter is visiting her parents, Mr. and Mrs. L. Clifford at Ladner.

Port Alberni, May 8.—Members of the women's auxiliary to the West Coast Hospital were hosts at bridge on Monday evening at the Community Memorial Hall with the president Mrs. F. Vandenburgh as general convener.

Mrs. H. P. Sturges, Mrs. Fred Weaver, Mrs. D. R. Kelly, Mrs. C. A. Manning and Mrs. J. B. Wood, assisted at the supper tables tastefully arranged with Japanese blossoms and daffodils. Prizes were won by Mrs. Kelly, Mrs. C. T. Hilton, Mr. F. G. Weaver and Mr. Eric Dunn. Among those engaged in play were, Mesdames E. Frost, J. L. Dunn, H. Carter, L. Hamilton, H. E. Murray, J. M. J. Mowatt, C. Pope, Angus MacLean (of Britannia Beach), W. Anderson, J. McDonald, E. T. Kelly, W. E. Evans, Mrs. G. Smith, C. T. Hilton, G. M. L. Fry, D. R. Kelly, Mr. and Mrs. F. G. Weaver, Mr. and Mrs. A. H. West, Mr. and Mrs. Roy Hanna, Mrs. Arnold Hanna, Miss Vivian Myles, Miss F. Noble, Miss Chandler, Miss Brenda Smith, Miss Wood, Mrs. F. Noble, Mrs. J. B. Wood, Hanna and Eric J. Dunn.

Mr. and Mrs. E. Frost have as their guest for the next three weeks, their daughter, Mrs. Angus MacLean, of Britannia Beach.

Mr. and Mrs. Fred G. Weaver, have returned to the city after spending a week at Vancouver.

Dr. and Mrs. C. T. Hilton have returned from a holiday spent at Victoria.

Port Alberni Railway Rates On Newsprint Are Argued at Hearing

New York, May 8.—The investigation into international freight rates on newsprint, started more than a year ago by the Interstate Commerce Commission, was concluded here yesterday when the Canadian carriers wound up their testimony in support of increased rates.

Briefs will be filed by the railroads of the United States and Canada whose publication of new rates on newsprint brought about the investigation, and United States newspaper publishers and various newsprint manufacturers who oppose them. The special examiner for the commission, Walter H. Howell, will file his report in Washington, after which oral arguments will be heard and a decision rendered by the full commission.

Dr. N. M. Butler Speaks in London

London, May 8.—Another plea for world peace and the development of an "international mind" was made here yesterday by Dr. Nicholas Murray Butler, president of Columbia University, New York, in delivering the Richard Cobden lecture at the Royal Society of Arts, Adelphi. He recently gave a similar lecture before the German Reichstag.

The United States educator advo-

cated a "United States of Europe"—a Europe as free of tariff barriers as was the United States with its forty-eight interwoven commonwealths. He attacked what he considered the abuses that sometimes followed tariffs.

"BUILD U.C. PAYROLLS"

**A Pamphlet
On Infant
Feeding**

Saturday, a letter was received from a young mother up-country who asks for information. She wishes to give Pacific Milk to her baby, a healthy boy of four months. We have a pamphlet on infant feeding which we gladly send to any address. The details given are scientifically accurate. But if the health of the child needs improvement, a diet prescribed by a doctor is safer.

Close Marks Feature Awards At Festival

Competition Keen in Pianoforte, Violin and Elocution
Classes; Vocal Test Pieces Commented Upon by
Adjudicators.

Close marks awarded by the adjudicators, in some cases only half a mark dividing competitors, showed the keen and friendly rivalry for honors at the Victoria Musical Festival. The large attendance yesterday at all centres where classes in viola, pianoforte and elocution were conducted showed the interest in the competitions.

The adjudicators were frank in their criticism but at the same time were helpful with suggestions and ready to bestow a word of praise where merited. The test pieces for the vocal tests of the festival have in some instances received criticism from the adjudicators who have stated that there are cases where the tests selected are not of a suitable character for the voices and not of a sufficiently high standard, a condition which made it difficult not only for the adjudicators but for the competitors.

Pianoforte, violin and elocution awards yesterday were as follows:

PIANOFORTE
Adjudicator, David Campbell

Class 45—Pianoforte solo, preparatory, girls, preliminary and final: Competing for silver medal given by Mrs. Marion C. McGovern.

(a) "Three Little Frolics," J. S. Bach
(b) "Holland" (Dutch Dance) John Thompson

Class 55—Pianoforte, duet, intermediate, preliminary and final: Competing for silver medals given by Mr. Jack Smith.

"Le Trot Du Cavalier" F. Spindler
1. Alice Anderson and Margaret Inglis (Courtenay), 82 marks.
2. Elizabeth and Joyce Dickson, 82 marks.

Class 54—Pianoforte, duet, junior boys: Competing for the silver medals given by Miss Eva Dann and Mr. J. G. Brown.

"Spanish Dance, No. 1 in C" Moakowski
1. Kenneth Cave and Billy Inglis, 83 marks.
2. Douglas Clark and Douglas Davidson, 83 marks.

VIOLIN
Adjudicator, John Waterhouse

Class 60—Violin, preparatory: Competing for the silver medal given by George Strath Limited.

(a) "Evening Song" Alice Barnett
(b) "Maypole Dance" Alquonai

Class 61—Violin, intermediate: Competing for the silver medal given by George Strath Limited.

(a) "Evening Song" Alice Barnett
(b) "Maypole Dance" Alquonai

Class 62—Violin, senior: Competing for the silver medal given by George Strath Limited.

WILL RECEIVE MATHEMATICS SCHOLARSHIP

—Photo by Savannah.

MARY LEITH

who will receive the David Spencer Scholarship of \$100 for mathematics at Victoria College. Herbert Wheeler, who qualified for the award, was unable to receive the bursary. Consequently it was given to Miss Leith by reversion.

Noyes, and "The Lone Leader," by Robert Browning.

1. Wilfred Ord, 175½.
2. Herbert E. Ford, 175.

Class 84—Elocution: Intermediate. Boys under sixteen years. (a) "Young Lochinvar," Sir Walter Scott; (b) "L'Eveillé," Rudyard Kipling; for silver medal presented by Queen's Street School; 1. Ted Cotton, 173½; 2. William McPhail, 171½; 3. Clarence Kirchin, 170½.

The winners will compete for the B.C. Dramatic School Junior Challenge Cup.

Adjudicator's comments follow:

Ted Cotton—You have a voice particularly well adapted to platform work. Your tones are very well sustained. There were one or two places where your phrasing might have been a little closer. In the second piece, your tone was exceptionally good and sustained. William McPhail—Watch the tendency to make literal gestures. You made the second selection a bit too objective. It is a contemplative piece. Clarence Kirchin—I would suggest that the spirit of the selection should be implied or suggested better by a little quicker tempo. In the same time, develop in yourself a greater appreciation of the value of the pause. Pause heightens the effect of emphasis. You have a voice that is exceptionally adapted to platform work, and I would suggest that you carry on with this kind of work. In the second piece, you give the sense of appreciation of beauty, the idea of what it is all about. I would recommend that you carry on with the good work.

Class 85—Elocution: Senior, boys under sixteen years. (a) "The Admiral's Oath," Alfred Noyes; (b) "L'Eveillé," Rudyard Kipling; for silver medal presented by Queen's Street School; 1. Henry W. Mann, 174; 2. Ted Cotton, 173½; 3. H. Ebbes-Canavan, 169½.

Adjudicator's comments follow:

Henry W. Mann—Do not waver until you are the skipper. In verse sixteen and seventeen do not, be too literal in your indirect impersonations. In the first selection you gave evidence of much careful study. You also gave evidence of a marvelous sense of value of words in telling the story. I would say that it is not safe to attempt too literal an impersonation of an unusual character. You are a super until you are sure that your voice is correctly placed. You also need to watch your phrasing. You made the second piece a trifle too objective. Ted Cotton—Do not act the character until you speak the words spoken by the character. I would suggest that you keep in character. Ebbes-Canavan—I believe this student is capable of much better work. The short lines seemed to hamper the student's impression of the thought. In the second selection watch an unnecessary and undue emphasis on the "it."

The awards in this section were a silver medal given by the University School. The winner of this class will also compete for the B.C. Dramatic School Junior Challenge Cup, now held jointly by Audrey Nixon and Norman Clarke.

Ganges

A jolly "Hard Times" dance was held in the Institute Hall at Fulford on May 2, under the auspices of the Women's Institute.

The hall was decorated with streamers of weirdly shaped and wonderfully colored flags, cut from old skirts, curtains and cushion covers, which, mingled with green branches and spring flowers, presented a pretty appearance. A number of nice prizes were presented for novelty dances, one of which, the "Cock a Doodle Doo" dance, created much mirth. The first prizes for this went to Miss Eileen Cleary and Ken Eaton, second to Miss Iris Vye and Mr. Allan. Prize winners in the lucky number drawing were: First, Mrs. C. Wollett and F. Anke; second, Miss Eileen Cleary and Leslie Wollett; third, Miss Evelyn Jackson and Gerald Jackson. Spotlight dance, first, Miss Dorothy Lee and Leslie Wollett; second, Miss Iris Vye and William Shaw. About twelve o'clock the parade took place, first prize, for most artistic and useful costumes going to Miss Tillie Akerman and Pergus Reid; second for the best Robos were taken by Mrs. W. Cleary and Mr. H. Nicholls. Judges, Mrs. H. Johnson, Meyers, A. Emile and H. Thornt; holders of the "lucky ticket" for the beautiful decorated baskets, were: Messrs. J. Cooke, C. Walsman and Mrs. Wollett. A delicious supper was served by members of the institute. O. West of the B.C. Telephone Company has been spending a few days on the island, a guest at Harbor House, Ganges.

Mr. and Mrs. Roy Gibson, who were

Stocks Over-discount Trade Improvement

The stock market has apparently over-discounted improvement in industry and the hesitancy represents uncertainty concerning the future course of business, in the opinion of the Brookmire Economic Service, Inc.

On the favorable side of the picture it is pointed out that car loadings in the first part of April have shown improvement after allowance for seasonal variation; that steel operations have been maintained at a level equal to the March average; and a third favorable factor is the expectation that the automobile production is likely to make a seasonal expansion in the current month.

On the other hand, Brookmire points out a distinct drop in building contracts, the renewal of the decline in commodity prices after a short period of stability following recession which culminated in February, and the decline in the market for copper, tin, zinc and steel.

R. Parsons, D. Harris, R. Inglis, G. Parsons, F. Crofton, S. Reddy, M. Mount, B. Winthrop, P. Nelson, O. Mount and J. Winthrop.

W. F. Evans referred.

Mrs. F. French, accompanied by her daughter, Miss Vera French, has returned to Victoria, after spending the week-end at Fulford as guests of Mr. and Mrs. J. B. French.

Miss Ruth Cosulich of Ladner, is a guest of Mrs. Sillick, Beaver Point, South Salt Spring.

The Sidney School team came over to Ganges by launch on Saturday to play the Ganges School team in the Mahon Hall Grounds, when a good game resulted in a win for Ganges, 4-1. Those playing for Ganges were:

Weak, Nervous "Fagged-Out" Women

Will Find Helpful Advice
In This Letter

Overworked, rundown, "fagged-out" women who feel as though they could hardly drag about should profit by this grateful woman's experience. She says: "A few months ago I was completely run down, nervous, 'fagged-out' and suffered from indigestion. Then, one of my friends urged me to try Double Strength Eriac and it certainly has done me great good. The tired, worn-out feeling is all gone, and I am strong, vigorous and well. My stomach is happy and has perfect digestion. I wish I could tell you how I feel. I wish the world would try Eriac at once—I have never used a medicine that did me so much good."

"Thousands of women and men who were formerly weak and sickly owe their present health and vitality, energy, ambition and nerve force to the amazing restorative power of Double Strength Eriac. You can now be had from any good druggist on an absolute guarantee of satisfaction or your money back on first box purchased."

"Put up in tablets, convenient for easy home use—Double Strength Eriac comes in sealed packets, containing a 28 day supply of guaranteed treatment. If you need a medicine of this kind—try it to-day at manufacturer's risk."

(Adv.)

EGG DEMAND RUNS HEAVY, PRICES FIRM

Production Large, But Consumption Cut Into Storage Movement

When an egg season opens with low prices it often finishes in a strong position. This was the case with storage eggs last fall and is proving to be the case again in the current spring market, says the egg and poultry review issued to-day by the Dominion Department of Agriculture. Improvement in the general tone of the market was displayed again last week and there are no signs of any weakening influences in the situation.

Demand for eggs for immediate consumption has been extremely heavy all across Canada and has cut materially into the inward storage movement. On May 1, 1930, there were 40,272 cases of eggs in storage in Montreal, according to board of trade figures, while on the corresponding date last year holdings were 45,273 cases. Egg production over the entire country during April was variable; some markets reporting heavier arrivals than a year ago and some the reverse. A good check on total production is obtained through the figures of inter-provincial shipments. For the past three weeks inter-provincial shipments of eggs have been running heavier than a year ago. This would indicate heavier production and might be taken to show a lighter movement into storage is due to a heavier consumption rather than to any falling off in production as compared to 1929.

The importations of United States eggs, which started the week previous with one car at Montreal, continued last week. Three cars were brought into Toronto and one more into Montreal. The quality of all these cars was rather poor, the majority of them grading chiefly to firsts and seconds, the report concludes.

Waterproof Pillows

When covering pillows for summer, do not overlook the new waterproof fabrics that are ideal for porch use. There are many patterns and practically any color you want in these.

WIN BY A NOSE IN BEAUTY RACE

Gladys Glad, above, and Hazel Furber are the loveliest women Flo Ziegfeld has seen, so he said the other day. The "American Girl" Gladys is a well-molded model in the most important prerequisite to beautiful features. And he is conceded to have seen some pretty girls.

CHAMPION LOOPER

A smile of victory on her face, Mrs. Victoria Klingsmith, twenty-three-year-old Fargo, S.D., aviator, is shown just after she finished from a world's record loop-the-loop flight. She did 143 loops in an hour and thirteen minutes.

WOMAN DIVER IN CALL ON HOOVER

Women are finding careers on land and sea and in the air nowadays—and here is one who, by going under the sea, has risen to success. Margaret Campbell, Brooklyn, who claims to be the only woman deep sea diver in the United States, is pictured above as she called on President Hoover at the White House in Washington.

JACKIE COOGAN GROWING UP

Look how Jackie Coogan is growing up. This picture shows the former baby star of the movies instructing his younger brother, Robert, in the fine points of golf at Del Monte, Calif. Note how much Robert looks like Jackie used to.

FOUR PAIRS IN FULL HOUSE

Mother's Day will be of special significance in the home of Mr. and Mrs. A. C. Kessler, near Savannah, Ga. For Mrs. Kessler is not only the mother of ten children, but eight of them are twins. Here are shown the Kesslers holding Dennis and Lennis, aged nine months; in front of them are Clyde and Carl, twelve years old; next are Ervin and Everett, six, and then come Mildred and Myrtle, age three. The two children not shown here are Clarence, ten, and Winifred, eight.

Time Saver. When you put your clothes on the line, hang all things of a kind together. This does away with much sorting later.

Prune Custard. Cut stewed prunes in quarters and add them to lemon custard, topped by white of egg. This makes a nice supper dessert.

Fight Local Craft Are Entered For May 24 Sea-flea Marathon

THE SPORTS MIRROR

WITH PLAY for the Davis Cup, which represents world tennis supremacy, well advanced in the European zone, interest will shortly turn to the matches between Canada and the United States to be played in Philadelphia on May 14, 15 and 16.

Canada will have a strong team on the courts, composed of Dr. Jack Wright, Montreal, Willard Crocker, Montreal, Gilbert Nunn, Toronto, and Marcel Rainville, Montreal. This squad was chosen after eliminations among the first eight ranking players in the Dominion, with the exception of Dr. A. H. Chapin of Toronto who is at present in Africa.

Wright is the undisputed No. 1 player of Canada to-day and has been so since 1927. He won the Canadian championships in 1927 and 1929 and won the Canadian inter-collegiate singles title every year between 1928 and 1929. In last year's Canadian championships he defeated Johnny Doe in the semi-finals and Frank Shields in the final.

Crocker, a veteran of the game, dominated Canadian tennis for three years prior to Jack Wright's ascendancy. He has done much for tennis in the Dominion and has given unsparingly of his time and knowledge in the interests of the game. He won the Canadian title in 1925. He is now thirty-two years of age.

Gilbert Nunn, third ranking player in the Dominion, is twenty-two years of age, played on the Davis Cup team in 1927 and 1929 and at different times has shown up well against international players visiting Canada. He defeated Harry Hopman of Australia in 1928 and ran Jack Crawford to five sets that year in Montreal.

Marcel Rainville has come to the front with a rush during the last two years. He first made his appearance in 1928 when with Crocker he defeated Doe and A. H. Chapin in the finals of the Ontario provincial championships. Last year he budded forth as an aggressive singles player, with magnificent volleys, powers in close up duels at the net. In Davis Cup trials last year, he won a place on the team although he was not called upon to play.

Connie Mack has a pitcher this year who is "You Know Me, Al" all over again. He is Glenn Liebhardt Jr., son of the famous old Cleveland pitcher, Glenn. A nineteen-year-old kid, full of ambition, possessed of unbounded courage and he'll talk to you about it, too, if you care to listen. He was an crutches when interviewed in Port Moresby, B. M., during spring training period. In a pepper game he had turned his ankle a day or two before, and he was chafing to be back in the game.

"I'll shake this off," he said, looking down at the tight bandage around his injured foot. "In a day or two I'll be back in there. Mr. Mack likes me and I'm going to pitch some ball for him."

It seems that he did "shake it off" for a couple of days ago Connie Mack gave him his baptism of fire, sending him to the pitching staff against the Yankees, with 66,000 howling fans in the stands watching his every move. Did he waver? He was nervous? A little wild and flighty?

No, no! For to Glenn Liebhardt Jr. the Yankees are just another ball team, just another bunch of swingers to throw them past.

"How did you feel when you went to the box in the third inning after Lefty Grove had been knocked out of the box and there were a couple of runners on the bases?" he was asked.

"I felt like setting 'em down," was his matter of fact reply. "Didn't I lay the first one right across there for a strike?"

Indeed he did! Then he walked a batter to fill the bases. Then he got three and two on Mark Koenig.

While that old fast one, and Koenig dribbled, one to short, and the inning was over.

"How did you feel when Ruth came up there to swing?" he was asked. "I didn't care who he was, I was Liebhardt. I gave him a fast one to start on and he fouled it off. I gave him a change of pace and Bishop (the second baseman) tossed him off. I did the game with Gehrig. Bishop got him, too."

In three innings they got just one hit off Liebhardt, and that was a measly single that bounced past Jimmy Fox at first. Ruth hit that one, "I left it up to Mickey Cochrane what to pitch to 'em," said Glenn.

After a careful study, Joe O'Grady, golf expert, has decided upon the surroundings and accommodations every successful golfer should have.

First of all the golfer should live in a house with an attic. The house should be indorsed by Walter Hagen, Gene Sarazen, Johnny Farrell, Denny Shute, and Al Espinosa. A special indorsement should be obtained for the attic for it is here the golfer will spend the winter.

There have been several embryo golfers who did not buy certain clubs indorsed by obscure professionals. They made the mistake of thinking that if they had a \$200 club, indorsed by the cream of the pros, they could get along all right and break 100 next fall. Their effort was not comprehensive enough. Upon seeing an indorsement for a certain club, a certain cigarette, washrag, toothpick, shoe polish, breakfast set, shoulder brace, dog collar or clothes, the embryo golfer should lose no time in acquiring it. After all, that is what the attic is for.

Touring Collegians Given Hard Fight By Hamilton Squad

Last-minute Rally Enables U.B.C. Rugger to Win by 6-4 in Second Game of Their Eastern Tour; B. Barrett Goes Over Twice in Last Half to Win Game After Easterners Get Lead; Hamilton Shows Up Well at English Code.

Hamilton, Ont., May 8.—University of British Columbia rugby team came dangerously close to losing the second game of their eastern Canada tour here last night when only a last-minute rally enabled them to defeat the local All-blacks, 6 to 4.

After their crushing victory over the Ontario all-stars last Saturday the visitors were expected to have a walk-over in their engagement with the locals, but matters turned out vastly different.

Smith put the All-blacks in front twenty minutes after the start when he dropped a goal from the field and the locals by a splendid all-round exhibition held this four-point advantage until half-way through the second half, when B. Barrett barely managed to aquire over for a try and reduce Hamilton's margin to one point. With only three minutes of playing time left, B. Gault made an opening, for Barrett to score his second try and give the westerners the victory.

The third game of the British Columbia tour will be played in Montreal.

SUPERIOR IN SCRUM
The British Columbia players were far superior to the locals in the scrum and got the ball away with deadly accuracy. But, generally, when the tourists were set for a break the Hamilton tacklers were alert, their stonewall defence smothering many threatening assaults.

H. Barrett initiated a fine run in the opening period and attempted a drop kick for goal, but without success. A few minutes later he tried again, with equally abortive result. The British Columbia forwards maintained the pressure in an effort to reduce the leeway, but the Hamilton backs blocked their repeated efforts to cross the line. A bad pass by McNeil spoiled another promising chance for the visitors, and Gault was almost through on the next play when A. Waugh tackled him.

Hamilton launched an offensive of their own at this stage, but a fine run was negated by a forward pass that went amiss. Just as the whistle sounded Abernethy booted a terrific drive into touch.

FINE RECOVERY
The westerners started off with a determined rush at the resumption of play, but not until ten minutes had elapsed did they manage to score. B. Barrett gave his team a new lease on life by storming the local line for a try. Gault, however, failed to convert. A few minutes later Gault and B. Barrett, again combined on a nice rush, but the latter, who was carrying the ball, was stopped by Chester when a try seemed imminent. The Gault-Barrett machine got working again and with ten minutes to play, Barrett crossed the line for the second try, which Murray failed to convert.

Hamilton made a bold final bid and they were forced into touch to avert a Hamilton score.

University of British Columbia—Fullback, Zastabrook and McNeil; halves, Gault and Locke; forwards, Roberts, Murray, Mason, Nixon, Ledstone, and James. U.S. (B. John's); three-quarters, Enderby, (St. John's); Gray (Grain Exchange); Young (Grain Exchange); and James (St. John's); halves, Auldred (Grain Exchange), captain, and Coulter (Grain Exchange); forwards, Bernack (U.M.C.A.), Abraham (St. John's), Swain (Grain Exchange), Stoddard (St. John's), Stoddard (Grain Exchange), Totten (Grain Exchange), Williams (St. John's), and McDougall (Grain Exchange).

GENERALS BEAT V.C.'s
Vancouver, B.C., May 8.—General defeated V.C. 1-0 in a senior amateur baseball game yesterday evening.

FOXY PHANN
A good time to kill two birds with one stone is at a saxophone duet.

NAVY STARTS ATTACK

The second half was a different story. Having the advantage of the wind, the slope, and the sun, the shield-holders pressed round their opponents' goal, and twice the crossbar was hit. However, the Saanich rushes were still very dangerous, and on more than one of their sudden sallies they nearly scored. With about a quarter of an hour to go, however, the Navy's well-placed centre, and the score was reduced to 2-1. During the closing minutes, Saanich defence started off a massed attack by Navy forwards.

The teams were as follows:
Navy—Zelluli, E. Plummer, Walters, A. Plummer, Johnson, Whyte, Putland, Taggart, Spriddell, Cosier, Glave, Skishuk United—Matthew, F. Bianco, Wyatt, Sholler, Moir, Gault, Tierney, Hawkins, Davidson, Burns, B. Blanche.

club, the position of their ears on the back of the head of padlock they had on "self" golf bags. Only to find out at the last that they are able to shoot a neat ninety-nine while wearing a certain windbreaker indorsed by a New Zealand professional. The tragedy of it all!

After the embryo golfer has been playing let us say for the sake of argument, seventeen years, the attic ought to be fairly well filled. There is only one thing left to do more to a house with a larger attic.

Miracles of Sport

By Robert Edgren

First Canto Spells Disaster For Sons; Eagles Get Victory

Wildness of Noble and Haines Presents Feathered Club With Twelve Counters in Opening Session of Senior Amateur Ball Fixture; Cann and Lidstone in Fine Pitching Duel for Rest of Game; Brosseau Hits Three Out of Four.

Three pitchers climbed the hillock at the Royal Athletic Park yesterday evening to put a stop to run-making activities of the Eagles' ball team. Two of them retired before the game was an inning old and the other stayed to make the feathered tribe eat out of his hand. The damage was all done in the first canto, however, and the Eagles walloped the Sons of Canada by 13-2.

Twelve runners scampered across the platter in that disastrous opening session. Six bases on balls with a few errors and a couple of wild pitches made it possible for the Sons of Canada to lead by a score of 12-0 after the first three innings.

LIDSTONE PITCHES WELL
After the first inning, the game resolved itself into a pretty pitchers' duel with Cann and Dan Lidstone, the Eagle twirler, in the feature roles. Lidstone was never in trouble and allowed the Sons only six scattered hits. He burned a speedball over so fast the Canadians were swinging after the ball had gone by. Eleven out of sixteen batters who faced him went to the bench via the strikeout route.

The Sons counted their only tallies in the sixth inning when Holmes got to first and was chased round to home on a three-base hit to right by Colin Campbell. Campbell came home when Doherty missed a catch at third on the same play.

SPOILED A GOOD ONE
The early wildness of Noble and Haines spoiled what would have been a perfectly good ball game. John chucked enough balls wide of the plate to allow two runners home and then Mr. Haines stepped up to do his bit. But Mr. Haines, who hails from Vancouver, did not seem to see the plate at all, issuing four free passes during his stay, while six bingles were collected from his offerings.

With the score at 12-0, Bacon played his last chip, Lloyd Cann, and brought him quick returns. Cann went into the box, pooh-poohed a couple of times at the opposition and then proceeded to retire them. After that he allowed only two safe hits and batted six of the opposing batters.

Eagles scored their only other tally in the fourth on an error and a hit. Falling light caused the game to be called at the end of the sixth.

Brosseau, Eagles' third baseman, and Colin Campbell, Sons' second sacker, were the leading avatars. Campbell got two out of two for a perfect average while Brosseau collected three out of four.

ST. SAVIOUR'S WIN
Vancouver, B.C., May 8.—St. Saviour's defeated North Shore United 6-4 in a Vancouver Soccer League First Division game yesterday evening and retained their slight outside chance of winning the divisional title.

Garage League Champs Appear In First Game

Ford, last year's garage baseball champions, will make their initial appearance of the season to-night when they oppose St. A. Davis's Bulls at the Royal Athletic Park. Last year the Fords had a smart squad and, according to reports, they are once again the class of the league.

Doc Todd, who for many seasons put the ball over the plate in the Senior Amateur League, is expected to take on the hurling duties for Fords to-night, while Walter Bastion will be in the box for Bulls.

Bob Ross will be the umpire. The teams will start at 6:15 o'clock sharp.

PLANS LAID FOR TITLE BATTLE

Fields and Thompson to Weight in Friday Morning at 10 o'clock

Detroit, May 8.—Jackie Fields and his challenger, young Jack Thompson, San Francisco negro, will weigh in for their welterweight championship fight under the supervision of a representative of the Detroit city inspector of weights and measures.

The weighing in will be Friday at the Olympic Stadium where the fight will meet at 10 p.m. The city representative will test the scales before the fighters weigh and will attest the weights. The arrangement was suggested by James M. Brown, chairman of the state boxing commission.

Managers of both men feel certain they will be below the 147-pound limit.

Bellingham, Wash., May 8.—Putting up a slashing battle, Gordon Wallace, Vancouver, 140-pounder, drew with Jimmie Beck, hard-hitting Tacoma negro boxer, here yesterday evening.

In the semi-final bout on the American Legion boxing card.

Dode Berout, Walby Island, won the decision over Cliff Brock of Bellingham, in the last bout of the evening. Berout fought at 146 pounds and Brock at 150.

In the special event, Bucky Harris of Seattle, won the call over Bill Shaw of Vancouver at 175 pounds.

Boy Dirk of Bellingham knocked out George Hackstra of Vancouver in the second round of a scheduled four-round bout. They are 130 pounders.

CARNER AT SPOKANE
Spokane, Wash., May 8.—Primo Carners, Italian heavyweight, boxed ten minutes with three sparring partners in an exhibition here yesterday evening. He cutted Ralph Gale, 190; Bill Finch, 185; and Orville Darr, 195, with monotonous ease, and was careful to keep them on their feet for the duration of the exhibition.

BERNARD WINS
Montreal, May 8.—Roger Bernard, 125½, Detroit, won a decision over Leonard "Young" Zamarino, 128½, Jersey City junior lightweight, in a ten-round feature bout here yesterday evening.

SUBSTITUTE SIGNED
St. Louis, Mo., May 8.—Conway Smith, American, of Chicago, was signed yesterday to substitute for King Tut, Minneapolis, in a bout with Bruce Flowers, New York negro, here to-night. Tut was refused permission to fight because of a carbuncle on his arm.

Smith, Bagley, Jones And Lupton Compete With Fastest Boats

Times Trophy Will Go to Winner of Forty-mile Event Here on Holiday; Five Other Awards Donated; Two B Class Fleas and Two Runabouts Also Entered by Local Drivers; Several Outsiders Expected.

Eight local sea-flea pilots will carry Victoria's standard in The Times forty-mile marathon race up the Gorge on May 24; it was announced to-day by those in charge of the event. Against these will be pitted some of the classiest speedsters from Vancouver and Port Angeles who will attempt to wrest the coveted trophy from the local men.

TRIPLE CENTURY FEATURE IN O.C. CRICKET MATCH

Prince Duleep Singh Scores 333 For Sussex Against Northants

Young Essex Bowler Surprises Australians, Taking 5 Wickets For 40

London, May 8.—The Australian cricket team proved easy victims for a young amateur bowler yesterday in a match at Leyton with Essex. H. J. Palmer captured the wickets of the cream of their batmen. His average was five wickets for 40 runs. His victims included W. W. Woodfull, Australian captain, who was dismissed for only four runs; A. Fairfax, E. L. A. Beckett and A. Kopax. He bowled Fairfax and A. Beckett with successive balls.

Australia batted first and at the tea interval had scraped together 134 runs for six wickets. When play was resumed the Antipodeans lost their last four wickets for the completion of only 22 runs.

HIGHEST SCORE

The highest score ever made for Sussex was hit by Prince Duleep Singh. He got 333, many of them in his first partnership with T. N. S. the international all-rounder, who also batted out a century.

Sussex are playing Northamptonshire. Scores in matches at the end of yesterday's play were:

M.C.C. vs. Surrey at Lord's; Surrey, 235 for six wickets.

Yorkshire vs. Oxford University at Oxford; Yorkshire, 152 for six wickets.

Sussex vs. Northamptonshire; Brighton, Sussex, 512 for seven wickets.

Warwickshire vs. Somerset at Birmingham; Warwick, 204; Somerset, 73 for five wickets.

Leicestershire vs. Gloucestershire at Gloucester; Leicestershire, 218; Gloucestershire, 3 runs for no wickets.

Australia vs. Essex at Leyton; Australia, 156; Essex, 45 for three wickets.

SOFTBALL

Games scheduled to-night are as follows:

CITY LEAGUE
Y.M.I. "A" vs. Saanich "B," at lower diamond, Central Park. Umpire, R. Butler.

French vs. Y.M.I. "B," at upper diamond, Central Park. Umpire, D. Holman.

Naval Barracks vs. View Royal, at Canadian Grounds. Umpire, F. Mackay.

WESTHOLME LEAGUE
Times vs. Colofist at the Willows. Y.M.C.A. vs. Victoria West at Oak Bay.

Moore & Whittington vs. Colwood at Victoria West.

C.P.R. LEAGUE STARTS
The C.P.R. Softball League opened last night at the Victoria West Park when the Telegraphers scored an 11-3 victory over the Officers' squad in a fast game.

The Officers' nine went to bat first and were led by C. P. Armstrong, division freight agent, their manager, while A. Sturrock, president of the league and acting superintendent for the R. & N. Engineers, guided the winners.

The next fixture will be played Saturday at 3 p.m. between the Empress Hotel team and the E. & N. Shop.

The batteries for last night's game were: Telegraphers, Florence, Stewart and Gibson; Officers, McKenzie, Tyson and Brindley.

LADIES' SOFTBALL
Any teams wishing to enter the Ladies' Softball League must have their entries handed to Ernie Brock, 5 Park Apartments, North Park Street, by next Monday. Last year six teams comprised the league, with Harmony equalling the champions. So far five teams have signified that they would be ready to start this season. They are the Astoria, Centennial, Harmony, Standard Steam Laundry, and Lucky Strikes.

RECORD GOLF ENTRY
Vancouver, May 8.—Striking the difficult Shagbush golf course in 64, D. C. Ritchie and Mrs. M. A. McDuff, of Quilchena, carried off premier honors in the qualifying round of the inter-club mixed foursomes yesterday afternoon. Quilchena golfers made it a double victory when E. A. Sharpe and Mrs. W. A. Fairfield accounted for the best men in town, covering the course in 69 strokes, which, with their fourteen strokes handicap, gave them a net of 84. Ritchie and Mrs. McDuff were also runners-up, with three other pairs, for net honors with 78.

Eighty-eight twosomes participated in the qualifying round which is a record for the event.

Outstanding among the local entrants is Jack Smith, whose wave-clipper "Better Motor One Ringer" has so far never been passed in local waters. Jack always keeps the motor of his flimsy craft in perfect shape and is confident there will be no spark plug missing when the big event comes off.

Ralph Bagley, Harry Jones and Cliff Lupton are the other entries with "C" class motors and are all flying ways and means to get down in front of Smith. Lupton will drive the Miss de Soto, which formerly gave some splendid performance under the guidance of the late Wilson Bagley who has been developing some unusual speed, while Harry Jones is never far behind.

Two "B" class craft will be driven by Joe Wheeler and Johnny Wenger, while in the runabouts division, Walter Adams and Ed Barnsdale are the local standard-bearers.

Five prizes have been donated in addition to the handsome Times trophy which will go to the boat and driver making the speediest time over the course. Dick Wilson has presented a prize for second in the major event and the original American will present the runabout trophy.

The R. Shanks & Sons' cup will go to the winner of the "B" class. Fairbanks Morse have donated a prize for the fastest motorboat in the event.

START AT 3.45
The big race is scheduled to start at 3.45 o'clock on the afternoon of May 24. The speedy craft will get away from the judge's boat just below the Gorge Bridge and will proceed down this neck of water to the harbor. The turn will be made at a buoy in the harbor. Eight laps must be covered to complete the course.

Free gas and oil will be supplied to all competitors by the Shell Oil Company.

NEW WHIRLWIND PUT INTO WATER

Largest Defender Against Shamrock V. Launched at Boston

Boston, May 8.—The Whirlwind, second and largest of four prospective defenders of the America's cup, against Shamrock V. Sir Thomas Lipton's challenger, was launched here yesterday at the Lawley shipyard.

Mrs. Edwin Thorne, mother of Langdon K. Thorne, head of the owning syndicate, sponsored the launching. Her family own the original American clipper ship by the name of Whirlwind.

The Whirlwind was given the name of that famous ship, built at Medford, Mass., during the middle of the last century, which established a record of eighty days for the passage between New York and Melbourne, Australia.

The boat's dimensions are roughly, 150 tons, 127 feet over all, eighty-five feet water line, twenty-one feet beam, fifteen feet six inches draft, and seventy-five square feet sail area. She was designed by L. Francis Herreshoff for a syndicate of New York yachtsmen headed by Thorne.

Tilden Squashes Czechoslovakian Star in Tourney

Prague, Czechoslovakia, May 8.—Bill Tilden, American, defeated Roderich Menzel, one of the best players in the country, yesterday 6-0, 6-3, 6-1.

McDUFFEY OF THE MISSAUFITA GOLF CLUB

By Barrie Farnes

"Old Krabby's hands were a mass of blisters and sore spots the first month he played golf, but he finally solved the problem by putting a soft rubber grip on his cork-screw."

WANTED—MISCELLANEOUS

Too Much ACID

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore. (Adv.)

Boys' Central Carries School Choir Honors

Only Five Marks Divide Three Leaders in Young Singers' Competition; Adjudicator Gibson Has Word of Praise for Each of Seven Competitors.

With a margin of four marks over their nearest rivals Boys' Central School yesterday carried the honors at Metropolitan United Church in the Musical Festival competition for the Victoria School Trustees' Challenge Shield formerly held by the Victoria West School. The competition was for thirty-six to fifty voices from grade 3, 4 and 5. Results were:

Boys' Central School 175
George Jay Public School 171
North Ward Public School 170

There were seven choirs competing—the Victoria West Public School—

(Misses Roberts and Parfitt); North Ward Public School—(Miss Maygold Conn); Boys' Central School—(trained by Miss O'Rourke and conducted in her absence owing to illness by the principal E. Butterworth; Quadra Street Public School—(Miss I. Gilliland); Sir James Douglas School—(Miss Forster); George Jay Public School—(Miss I. Noble); and Oaklands Public School—(Miss Brynjolsson).

Ronald W. Gibson, the adjudicator, in a helpful manner complimented the choirs on their splendid work, and his suggestion that the trustees might raise their salary was received with applause. His comments follow:

BOYS' CENTRAL SCHOOL, WINNER
This choir has imagination combined with good tone. Words well pointed, some of the dialogue was quite well realized. One or two places unnecessarily clipped off. Good performance in the first piece. Second place in the last of the bottom of page one too slow. Altogether it was a capital performance.

GEORGE JAY PUBLIC SCHOOL
Here we had a pleasing tone which was clear, except that they sang softly. There was a lack of vitality and not enough dynamic range. Not quite vital enough. Almost inaudible in one place.

NORTH WARD PUBLIC SCHOOL
This choir has really good tone. Diction very clear. Better from "Ra." They might have had a greater dynamic range. The words quite well pointed. In second piece tone was good. Rise and fall well achieved. Slight sharpening.

VICTORIA WEST PUBLIC SCHOOL
These children were in complete possession of all that they were singing. They must be careful of their "Ra." This was a good performance. The character of the performance was in evidence. The boys made themselves felt too much on the word "hence." Get rid of the "Ra." More natural singing, such words as "melody."

QUADRA PUBLIC SCHOOL
In the first piece this choir was very spry. Unanimous tone. Not quite unified in quality. Gave a good clear rendition. In the second piece the solos were more felt than the soprano. The high held notes taxed them. It was good work.

SIR JAMES DOUGLAS PUBLIC SCHOOL
Full of enthusiasm. They were not all together at the last of the first page. They must be more unified. Their tone was generally very good. The pitch suffered, and time in the second piece. Tone good. Altogether it was a good performance. The character of the performance was in evidence. The boys made themselves felt too much on the word "hence." Get rid of the "Ra." More natural singing, such words as "melody."

OAKLANDS PUBLIC SCHOOL
A good pitch and tone that went well until high sustained passages came. They had a feeling of emptiness against the accompaniment. This choir is very promising. In the second piece were unfortunate in that they had to wait a little in between the verses they lost the thread of the song. They did not succeed in achieving a rapier. Hard for them to keep their tone from commencing. This choir should do very well.

FOUR SHARE IN COMMONS BUDGET DEBATE

Canadian Press
Ottawa, May 8.—J. T. Thomson, Liberal, Winnipeg South Centre, speaking in the budget debate in the Commons yesterday afternoon, said Hon. C. A. Dunning, Minister of Finance, in drafting the budget had displayed the same courage he had shown in the construction of the Hudson Bay Railway.

Everybody, he said, was pleased with the announced reduction in Canada's national debt. Reduction in the sales tax and changes in the income tax would accrue to the benefit of citizens of this country.

"It is a Canadian budget," Mr. Thomson declared.

The budget had sought to inquire into the needs of the various sections of Canada and to meet those needs in order that all might be brought into harmony, said Mr. Thomson.

The Liberal party favored neither free trade nor extreme protection.

CANTLEY SPEAKS
Col. Thomas Cantley, Conservative, Picton, devoted much of his speech to discussing the iron and steel business and the probable effect of the tariff thereon. He said he doubted the sincerity of the government in its avowed intention to benefit the iron and steel industry.

WOODSWORTH'S VIEWS
J. S. Woodsworth, Labor, Winnipeg North Centre, expressed the view that there was a certain inconsistency in being told "we should trade with our kith and kin."

"Personally, I would just as soon eat fruit and vegetables grown by white labor in California as by the negroes of the West Indies," he said.

It must also be remembered there were a great many Canadians in the United States, he added. On the other hand, there were in Canada a great many United States factories which would benefit from the protection afforded by the budget to a far greater extent than would the Canadian workmen.

The final speaker, L. J. Ladner, Conservative, South Vancouver, gave it as his view the government had accepted a doctrine of protection which had been formerly denounced.

The debate was adjourned by Hon. J. E. Stevenson, Conservative, Vancouver Centre.

Left-Over Fish
Remains of fish may be converted into fishcakes by mixing with cornmeal mush in proportions of two cups of meal to one of fish, held together by an egg. Season with green pepper and onion juice.

Fire In Nova Scotia Ruins Thirty Homes

Flames Sweep Over Forest and Farm Area, Leaving 100 People Homeless

Liverpool, N.S., May 8.—Emerging from Queen's County woodlands at Beaver Dam, two miles from the village of Milton, at mid-afternoon yesterday, a line of fire raged down on the Mersey River settlements over a four-mile stretch between Brooklyn and Milton, leaving in its blackened track the ruins of thirty homes. Late last night the worst forest fire in the history of the district was brought under control after every man and boy and every piece of apparatus in the region had fought the flames for hours, but the blaze had already taken toll of forest areas valued at \$50,000, caused destruction of dwellings estimated at \$60,000, and cut a \$10,000 gap in the hydro transmission lines of the Mersey Paper Company. The paper plant itself was not endangered. One hundred people were rendered homeless.

Two barns and three small houses were burned to the ground at Beaver Dam before the flames jumped two miles to Moose Hill, where five homes with adjacent buildings were destroyed. Fanned by a northerly wind of forty miles, the fire swept down to Sandy Cove and Great Hill, razing twenty farmhouses with outbuildings before halting at the water's edge. In most cases furniture and personal effects were destroyed as well, so rapid was the advance of the flames.

Although no one was injured by the conflagration, the hardships caused by the fire will not be slight. A number of the owners of small farms carried little or no insurance.

TENTS IN JAIL YARD BURNED BY PRISONERS

Convicts Destroy Shelter at Columbus, Ohio; No More Tents to Be Supplied

Columbus, Ohio, May 8.—Convicts set fire to about fifty army tents in the improvised prison yard stockade of the Ohio penitentiary here yesterday evening. The prisoners, transferred to the stockade when they rebelled after the fire of April 31, stood outside the barbed wire fence and laughed as their canvas cells were licked up by flames. Officials allowed the fire to take its toll, expecting that if they stopped bringing the fire apparatus within the walls some of the convicts might make a break for freedom.

National Guard officers who had supplied the tents for the stockade so repairs could be made on the burned and broken cells where 323 convicts perished in the fire of April 31, had warned the prisoners that if they destroyed the tents they would not be replaced, weather and elements notwithstanding.

Officials said they believed only a few of the tents were fired by the prisoners, the others being caught by flames whipped by the winds.

Many of the convicts took time to go into their tents and drag out their coats and clothing, guards said.

The day had been quiet and about 1,500 prisoners worked at different jobs inside the walls.

About 150 prisoners who refused to work were locked in the white city cell blocks yesterday evening and placed on a bread and water diet, according to Col. Robert Haurich, in charge of the National Guard forces at the penitentiary.

SWEDEN URGED TO HELP NEEDY AT WINNIPEG

Unemployed Immigrants Ask Money Be Sent Out By Homeland Government

Winnipeg, May 8.—Four hundred Swedish immigrants at present unemployed in Winnipeg, will appeal to the homeland for temporary relief.

At a meeting here yesterday a cablegram was drafted for transmission to the Swedish Government asking that a sum between \$15,000 and \$20,000 be approved for relief measures for the Winnipeg men, to be distributed by R. P. A. Hermandson, Swedish Consul in Winnipeg.

An appeal has already been made to the Ottawa Government, and a delegation will visit Premier John Bracken of Manitoba tomorrow.

In replying to the appeal to the Federal Government, Hon. T. A. Cresser, Minister of Railways and Lands, stated many railway construction jobs soon would be opened, including 150 new men on the Hudson Bay Railway and terminal work at Churchill and 8,000 on branch line construction work of the Canadian National and Canadian Pacific Railways in Western Canada.

Addressing the meeting yesterday, Mr. Hermandson said it was the first time in forty-five years that Swedish immigrants had to seek relief.

IS APPOINTED SALES MANAGER

According to a recent announcement made by D. R. Grossman, vice-president and general manager of the Studebaker Corporation of Canada Limited, C. N. Galer, a native of Vancouver and widely known throughout the Dominion, as a successful sales executive, has been appointed sales manager for Studebaker in Canada.

Mr. Galer has been associated with Studebaker for a number of years, first as a traveling representative, then as Calgary branch manager, later being appointed assistant sales manager for Studebaker. In 1927 he went to London, where he became sales manager for Studebaker (England) Limited. A short while later he was promoted to the position of managing director of the English company. He returns to Canada to assume his new position.

Work on New Super-service Station Starts

Contract for the construction of a super-service station at "Five Points," the intersection of Fairfield Road and Main Street, for the Imperial Oil Company has been awarded to Parritt Brothers, who commenced work at the site this morning.

Alteration of the present layout of the service station operated at the site by Hawkes Brothers, is planned to give a fully modern service to car owners. Additional gas pumps will be installed, an electric light, wash racks, tire and battery services and pits will be included.

SEATTLE WOMAN SENT TO PRISON

Seattle, May 8.—Mrs. Harriett Berens, who admitted stealing about \$25,000 from two employers, which she said she needed to support her nineteen-year-old twin daughters, an aged mother and a disabled brother and to send the two girls to school, was sentenced here yesterday to two to five years in the state penitentiary. Superior Judge Calvin S. Hall, in passing sentence, gave her ten days to prepare for imprisonment.

Mrs. Berens admitted taking \$18,000 from the Pan-American Wallpaper and Paint Company last year and about \$7,000 from the Garfield Motor Company prior to that.

DAPL-ART

the new rug effect for old Linoleum

HAVE you a floor or linoleum showing signs of wear ... dirt worn in and hard to keep clean? Paint it the Dapl-Art way and ... presto ... it's equal to a new linoleum for a fraction of the cost. Dapl-Art is so simple and effective ... just apply two coats of Bapco Floor Enamel, any color you prefer, then dapl a second color over this with a sponge, as shown above, and you will have a colorful rug-like pattern that will not show footmarks and is easily cleaned. (There are many attractive color combinations to choose from ... ask your Bapco Paint Dealer to show you them.)

A FREE BOOK with full instructions and colored illustrations may be obtained from the B. A. Paint Co. Ltd., Victoria, B.C. Send for a copy today.

BRITISH WOOL WORKERS REFUSE TO RESUME JOBS

London, May 8.—Fewer than thirty men returned to work yesterday out of 10,000 woolcombers who had been individually invited by the employers to resume work at Bradford on a reduced scale of wages.

More than a hundred factories were opened, but these were closely picketed and strong police guards were on duty. No serious trouble, however, developed.

Cariboo Placers To Be Developed

Vancouver, May 8.—Backed by Vancouver, Seattle and Spokane interests, the Morehead Mining Company Limited has been formed to take over the holdings of the Morehead Syndicate, according to a statement by Earle G. Anna, M.E., one of the original owners. Intensive development work which will start early in May will be carried out over a two-year period. The property, a placer proposition, consists of ten leases extending from the mouth of Morehead Creek upwards. It is reached from Hydraulics, on the main Williams

Lake, Likie, road, Cariboo district, by a branch road six miles long. Though latest operations took place in 1913, 1914 and 1915, Mr. Anna as late as last year carried out a complete topographical and water system survey of the holdings, and with a small force carried out a considerable amount of sampling and testing of the gravels. Upon completion of his examinations he made statements regarding gravel values. The upper half of the gravels will average about four cents a cubic yard, the lower half about forty cents, while bedrock gravels will run considerably higher per cubic yard. An average content of about twenty-two cents a cubic yard is taken by the owners as a fair estimate of the average of the entire channel gravels. Besides gold values, it is reported that metals of the platinum group are present. Douglas Lay, resident mining engineer of the Queen's Mining Division, has been active in promoting the development of the field.

SANI-BILT

National **\$229⁰⁰** Week
Buys as much as 280⁰⁰ this week but the opportunity ends **SATURDAY**

MAY 3rd

MADE IN B.C.

MAY 10th

A Sensational Value in a MOTHPROOF Suite

THIS week, the 8th Sani-Bilt Week, we have simply eclipsed all previous value standards, so act promptly and decisively before next Saturday if you want to secure one of these Sani-Bilt Special Suites at \$51. below regular value.

This Sani-Bilt Special is a brand new suite of the latest style, offered to the public this week for the first time. It is a full-size, luxuriously comfortable suite of genuine Sani-Bilt construction and styled by Snyder's master designers. A suite you'll show to your friends and neighbors with pride.

Choice of taupe or six other colors of

mohair with reversible cushions of figured fringe—a high-quality, decorative, durable covering.

Remember, too, Sani-Bilt is Guaranteed Mothproof.

Snyder's Ltd. give you a printed, honest, replacement guarantee that holds good if moths should damage your Sani-Bilt suite. A big corporation, operating five plants and employing the largest number of operatives in the Canadian Chesterfield industry, stands behind that mothproof replacement guarantee. A contract, not a promise, is the only mothproof guarantee worth a cent to you.

THESE SANI-BILT DEALERS WILL SHOW YOU THIS SPECIAL SUITE:

Choir of Centennial Is Winner of Kiwanis Shield In Competition

Festival Audience Acclaims Conductor Frank Tupman When Adjudicator Makes Award; Miss Dorothy Hartree Takes Contralto Honors Again and Retains Silver Medal; Tribute Paid to Voices of Contestants.

conducted by Frank Tupman, was signalled out for honors last evening at the Musical Festival, being awarded the Kiwanis Club Challenge Shield, formerly held by the Emmanuel Baptist Church choir. The competition was held in the Metropolitan United Church, which was filled with an enthusiastic audience, which loudly applauded when Mr. Tupman was presented with the shield.

Commenting on the songs chosen for this test (a) "Full Fathom Five" (unaccompanied), by Charles Wood, and "Sweet Day" (unaccompanied) by R. Vaughan Williams, Dr. Healey William, the adjudicator, stated that church choirs were in the habit of singing anthems and hymns, and when confronted with such secular songs there was a strong tendency to render them in a churchy way. He considered the songs not suitable for the test, but complimented the choirs competing, saying they had done excellent work. The marks for the winners were 104 and for the Emmanuel Baptist Church Choir, conducted by I. H. E. Green, 102.

The only other choir competing was St. Andrew's United Church Choir (Manitoba), conducted by Andrew Dunsmuir, with 140 marks.

The Oak Bay United Church Choir was to have competed, but owing to two deaths in the choir recently, they were unable to enter the contest.

MISS HARTREE WINS

Miss Dorothy Hartree was adjudged the winner of class 24—vocal solo contralto, and was given hearty applause when presented by Dr. William with the silver medal given by the James Bay Hotel. Mrs. J. M. Anderson of Vancouver was the other competitor in the final. Dr. William in passing judgment on this event stated that it had been one of the most difficult ones to decide, as both contestants had beautiful voices and had sung exceedingly well.

Miss Hartree won the decision by one mark. Her total marks for the afternoon and evening being 223, while those of Mrs. Anderson were 221.

PIANO RECITAL

David Campbell, adjudicator for pianoforte, gave a short piano recital, choosing for the occasion (a) Rhapsody in F Sharp Minor, by Debussy, and (b) "Jeux d'Eau," by Ravel, and when being encored gave "Waltz A. Brahms, arranged by Percy Grainger.

Others contributing to the programme last evening were the Misses Alice Anderson and Margaret Inglis of Courtenay, winners in class 55, pianoforte duet, playing this test piece: "Le Trot Du Cavalier," by F. Spindler; Jack Abbott of Vancouver, winner of class 15, vocal solo, who sang the test piece, "Hark, Hark, The Lark," by Schubert; Leonora Zschiedrich of Vancouver, winner of class 61, violin, playing the test piece (a) "Romanza," by Rose Everole, and (b) "Rustic Dance," by Percy H. Miles; R. M. Humphreys and Frank Spooner, winners of class 31, vocal duet, tenor and baritone, who sang the test piece, "The Moon Hath Raised Her Lamp Above," by Benedict, and Ted Colon, winner of class 34, Elocution, for boys under 16 years, who recited the tests: (a) "Young Lochinvar," by Sir Walter Scott, and (b) "L'Envoi," by Rudyard Kipling.

Large audiences were at the First United Church both morning and afternoon yesterday for the events of the festival. The results for the afternoon were:

Class 40.—Scottish folk song: Women (singing in any key). Competing for gold medal presented by Burns Club: (a) "The Spinning Wheel," by J. K. Lees; (b) "Turn Ye to Me," by J. K. Lees. Won by Catherine Jones of Vancouver, with 104 marks; second, Mrs. Gordon H. Jolliffe of Bamerton, with 100 marks.

Class 41.—Scottish folk song: Men (singing in any key). Competing for the gold medal presented by Burns Club: (a) "Scotland Yet," Moffat; (b) "Bonnie Wee Thing," J. T. Surrence. Winner, Frank Smith, with 106 marks; second, William Draper, with 101 marks. Mr. Spooner was also the winner of the Mrs. Gibson-Dunn Cup, as his marks were two points ahead of those of Catherine Jones. Mrs. James A. Thom was the former holder of the cup.

Class 51.—Vocal duet: Preliminary and Final. Competing for silver medals given by Oak Bay United Church Choir. "The Moon Hath Raised Her Lamp Above," by Benedict. R. M. Humphreys and Frank Spooner, 88 marks; W. W. Knight and D. G. Colquhoun, 85 marks; William Draper and James Petrie, 79 marks; and R. Husband and T. Lewis (Manitoba), 78 marks.

First to making the award, Dr. William said the test piece was a favorite for tenor and baritone duets, but it contained many pitfalls, and was not of a high standard.

Bladder Weakness Makes Life Misery!

Daily Annoyance, Troublesome Nights Wrecking Lives of Thousands State Writer Who Tells What To Do For Quick Relief

Backaches, Headaches, Pains in feet and legs, Nervousness, Restlessness, frequent but ineffectual urination with burning and pain, retching up at night—are some of the more troublesome signs that should have prompt attention before they reach a more serious stage.

No matter how stubborn your case may seem to be or how many medicines you have tried without results—don't think your condition is hopeless or the natural consequence of advancing years until you have tried the amazing value of Dr. Southworth's "URATANE."

ARTHUR PLOES
who will receive the Agnes Deans Cameron Scholarship of \$50 for his high standing in the English examination for first year at Victoria College. This bursary was originally awarded to Robert Knight but went to Mr. Ploes through reversion.

Death Rate in Child-birth Cases in India Far Above Average

By DR. MORRIS FISHBURN

So much has been said of the high death rate of mothers in India, that it is valuable to have available actual figures concerning childbirth in at least one section.

Two Hindu physicians, Drs. R. H. Ubhaya and R. Adichan, analyzed the records of 7,324 instances of childbirth in four cities. In 3 per cent of the cases operative or surgical help was necessary. According to the records, expert assistance was available only for about one-third of all of the cases, since the number of trained physicians in India is not proportional to that of other sections of the world.

In contrast to the death rates cited in another article in this series, the death rates of mothers in India, this series was 17.50 for 1,000 births. This is a rate which compares most unfavorably with that of other countries for which reliable statistics are available. Furthermore, the number of instances in which the child was born dead was far greater than for other countries. Actually there were 108.7 infants died out of every 1,000 in the first month of life.

The number of mothers who died in relationship to infants born dead was five and a half times as great as in the series in which the infant was born alive. As might be expected, in accordance with the customs of India, the deaths were more numerous among the youngest and oldest of the mothers who were undergoing childbirth for the first time.

The problem existing in India approaches more closely the primitive conditions that formerly existed in this country generally and which still exist in some portions.

In Switzerland, for instance, the mortality in childbirth varies from 1.5 to 2.5 for every 1,000 cases. Certainly what can be accomplished under conditions in Switzerland should be accomplished equally well in other parts of the world.

Points Note
Patou uses a chiffon of dollar size dots for a pink evening gown and cuts it short with circular flare and has a cape for the gown.

STRICT RULES WILL REGULATE BUSES IN B.C.

Works Minister Announces Regulations Under Amended Highway Act

Vehicle Inspection, Damage Security and Approval of Routes Called For

Regulations under the Highway Act, as amended at the last session of the British Columbia Legislature, call for a quarterly fee of \$1 for each passenger seat in buses up to twenty-passenger capacity, and a \$1.25 fee for each passenger seat in buses of over twenty-five-passenger capacity. It was announced yesterday at the Parliament Buildings.

Where freight and passengers are carried, the fee will be based on the weight-carrying capacity and will be at the rate of \$4 a ton. Public freight carriers will pay a quarterly fee of \$4 a ton, and where a trailer is used, the capacity of the trailer will be added to that of the main vehicle in computing the fee.

Provision is made in the regulations for a refund of the following quarter where the aggregate license fees exceed one per cent of the gross receipts during a quarter.

SECURITY DEMANDS

The regulations call for schedules of fares and full particulars of routes traveled to be filed with the Minister of Public Works as well as security to cover damages or compensation arising out of an accident. In the case of a public freight vehicle, the security is set at \$5,000 for injury to one person, or a total of \$10,000 for all persons sustaining personal injury in any one accident. For passenger vehicles of seating capacity the figures are \$5,000 and \$10,000, for vehicles up to twenty capacity the figures are \$5,000 and \$10,000, and in the case of vehicles over twenty capacity the total shall not exceed \$20,000 for all injured in one accident. Failure of the operator to maintain full security will be regarded as sufficient cause for suspension or revocation of the license. The regulations also set out that a

change in tolls must first receive sanction of the Minister of Public Works. Fifteen days' notice must be given of a change in schedule, written consent must be obtained for a discontinuance of a service, brakes must be tested every day, capable chauffeurs who will not be permitted to take an intoxicating drink or smoke on duty must be employed, and a representative of the minister may inspect any vehicle at any time.

Convention Group Named By Liberals

Vancouver, May 8.—Three delegates to attend the convention of the British Columbia Liberal Association in Kamloops May 20 and 21 were named to represent Ward One Vancouver Liberals at a meeting of the ward association here yesterday evening. They are J. A. Russell, E. C. Alexander, Henderson, K. C. and E. A. Kidner. Three alternative delegates were named as follows: A. B. Creach, C. G. Pennock and F. W. Sterling.

PARKS BILL NOW BEFORE COMMONS

Ottawa, May 8.—A bill was introduced in the House of Commons yesterday dealing with the number of national parks by Hon. Charles Stewart, Minister of the Interior.

The principal changes brought about by the bill are reduction in the area of parks in Alberta and British Columbia.

FRECKLES

A Simple, Safe Way to Get Rid of These Ugly Spots

There is no longer the slightest need of being ashamed of your freckles, since it is now an easy matter to fade out these homely, rusty-brown spots with Othine and gain a clear, beautiful complexion. After a few nights' use of this dainty white cream you will find that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It's seldom that more than an ounce of Othine is needed to clear the skin of these unsightly blotches.

Be sure to ask at any drug or department store for Othine double strength. It's always sold with guarantee of money back if it does not remove every last freckle and give you a lovely, milk-white complexion. (Adv.)

Columbia. In the past the official name of the part at Banff has been the Rocky Mountain Park. The bill changes the name to Banff and defines the boundaries, cutting off a portion on the east side, which is not in the mountain. The area of the park will now be 2,585 square miles. An eastern portion also is taken off Jasper Park, leaving it with an area of 4,900 square miles.

Give Her An Electrical Gift

Unlike gifts chosen for other occasions, Wedding Gifts are primarily intended to be practical aids in the new home—something that the young homemaker would have chosen if her desires had been consulted.

We recommend electrical servants because they bring the ultimate in modern time and labor-saving conveniences.

DOUGLAS STREET LANGLEY STREET

The New Gillette Razor and Blade

... Cleaner Shaves
... Quicker Shaves
... Better Shaves

WE have made a dozen important changes in the Gillette Razor and Blade to make an entirely new and greatly improved shaving tool.

Take "razor pull," for example. A razor "pulls" because its working parts have been dropped and dented on floor or wash basin.

Perhaps the dent is microscopic. Just the same it makes a difference. When you handle a Gillette, you are dealing with a fine precision tool. Now look at the corners of the new razor. See those heavy lips? You can't dent those corners by any ordinary accident. But suppose, you should dent them. Never mind. The ends of the blade have been cut out. The blade is no longer held at the corners. Therefore, a dented razor-corner can't possibly affect the smoothness of your shave.

No more blade wiping
Another thing. The new blades are processed to resist rust. No more do you have to take the razor apart to wipe the blade. Just loosen. Turn blade at right angles. Re-tighten. Hold under hot running water for rinsing. Shake well. Lay on the shelf.

The old posts are gone. How many a good edge was lost by bumping against those posts.

Notice the guard teeth... longer... turned back farther. They glide over the skin like velvet.

See the ends of the blade... square... not round. Much easier to handle with slippery fingers. And being almost flush with the cap, the blade shaves much better around the difficult corners of the mouth, ears, and nose.

The famous guard channel beneath the blade edge allows the blade to meet the beard full and clear, yet with perfect safety. This has hitherto been an exclusive feature of high priced Gillettes selling at \$5.00 to \$75.00. Now you have it in the \$1.00 model. See your dealer today.

QUICK FACTS

1. New blade can be used in your old Gillette
2. New processed steel; new blade resists rust
3. Cut-out corners of blade prevent "razor pull"
4. To clean, turn guard at right angles... then re-tighten... rinse... shake dry
5. New shape guard channel gives full shaving clearance
6. New shape guard teeth meet skin smoothly, naturally
7. No projecting posts to dull blade edges
8. Reinforced razor corners prevent damage if dropped
9. Square blade ends safer to handle
10. Shave under arched mouth, nose, ears
11. New blade same price as old
12. New razor, gold plated, with one new blade, in case, \$1.00

THE NEW GILLETTE RAZOR, gold-plated, in beautiful case, complete with New Gillette Blade \$1.00

Other De Luxe models from \$5.00 to \$75.00 PAT. 1,550,000, 2,025,775, OTHER PATENTS PENDING

GILLETTE SAFETY RAZOR CO. OF CANADA, LIMITED, MONTREAL

TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)
Winnipeg, May 8.—Wheat: The wheat market was dull and featureless again today with little going on outside of spreading and scalping, with prices holding within narrow range. The pool were credited with selling July and buying October, while Chicago interests were selling Winnipeg July against purchases of Chicago July at the board differences of 6 cents.

On the dip the market appeared to run into testing orders as the market reacted several times, and while this buying may have been for seaboard account, it was not definitely placed. Exporters did a very small business overnight, and foreign demand for North American wheat appears to have gone flat again with requirements for this week probably having been met.

Millers, shippers and terminals were all in the market for the various grades of cash wheat, and bids on some grades were 1/4 to 3/8 over the previous day. There were some odd round lots changing hands, but there was no pressure of offerings. There was a slightly better tone to the flour inquiry, with an odd small sale made for export.

The weather map this morning showed heavy and general rains all over Manitoba and which extended over the eastern half of Saskatchewan, but there was no precipitation further west while temperatures were cool in the west. The United States spring wheat belt also received fairly general showers, while the weather was mostly clear in the southwest. Crop conditions everywhere appear to be mostly favorable.

Argentine shipments this week are estimated at 2,500,000 bushels. The market is a discouraging proportion and appears to be in a rut, but we believe even moderate rallies will be difficult to hold. Wheat closed unchanged to 1/4 lower.

Coarse grains: These markets continue very quiet with absolutely nothing of feature going on. In the cash markets there only is a few scattered trades passing. Little selling pressure seen in the futures. Oats closed 1/4 up to 3/8 lower. Barley unchanged to 1/4 lower and rye 1/4 to 1/8 lower.

Chicago, May 8.—Wheat: New low was made for all months except May to-day but the market was nervous causing several rallies. Later, however, did not go far on hard spots there was plenty of wheat for sale. Northwest reports were favorable with the crop reported ten days ahead of normal and with moisture conditions very favorable, both in this country and Canada.

Foreign cables failed to convey any encouraging reports from the other side. Export business of small proportions but there was a fair domestic cash trade here with sales of 31,000 bushels.

Canadian reports indicate that acreage will possibly show little decrease owing to the early season, which will permit more seedling than expected. Deliveries to-day, 182,000 bushels.

Farm Board support was indicated on the declines in the May. The present price level is low enough to suggest caution in selling, except on the hard spots. The government report is due to-morrow after the close and some evening up is likely.

Corn—Sold off sharply after being strong early, the weakness in wheat and generally more favorable weather for planting being late influences, while the buying power was not much in evidence after Friday. Primary receipts, 433,000 to 490,000 a year ago.

Corn planting is pretty general, and the season will be early. Cash basis steady to half off with sales of 62,000 bushels and country sales 10,000 bushels. General situation in the grain market is against sustained advances in corn.

Rye: Was easy with wheat the trade to be without much feature. Shipments to-day were 424,000 bushels, the grain being moved to other storage points apparently. Deliveries 129,000 bushels.

WHEAT MARKETS DULL; SEEDING NEARS FINISH

All wheat markets have turned dull, awaiting the U.S. Government crop report due after the close of the market to-morrow.

Sanford Evans to-day issued his crop report showing that in Manitoba and Alberta 90 per cent of wheat is seeded and Saskatchewan 75 per cent. Rainfall in the prairie provinces since April 1, 1930, is given as follows, compared with the corresponding period of 1929: Manitoba, 1.07 inches, against 1.11; Saskatchewan, 1.25 inches, against 0.67; Alberta, 1.65 inches, against 1.17. Scarcity of reserve moisture is still a factor to be considered in the crop outlook, Evans reports.

Crop advice continues generally satisfactory on both sides of the boundary.

Liverpool reports further offering of wheat from France at cheap prices. Forecast to-day shows Manitoba and Saskatchewan, northerly winds, mostly fair and cool, to-night and Friday probably local showers, not much change in temperatures.

MONTREAL POWER SPLIT APPROVED; \$1.50 SINE RATE

Canadian Press

Montreal, May 8.—Losses outnumbered gains at the close of to-day's irregular and fairly light trading on the Montreal Stock Exchange. Brazilian Tractor was unchanged at 47 1/2; Nickel up 1 at 33, and Montreal Power off four points at 121, with the new down 1/4 at 62.

Power Corporation lost one. Quebec was unchanged, Shawinigan off fractionally. Hydro-Electric down and B.C. Power "A" up one. Winnipeg was unchanged.

Dominion Bridge lost a point to 64. Famous Players common gained at 24. The Yoking Trust 1/4 at 54 1/2. Gurd and Industrial Alcohol showed a fractional advance.

Canada Car and Paper, Cement National Steel Car were weaker. Price Brackets dropped 3/4 at 74 1/2. Hamilton Bridge showed a slight increase.

Western Union and Canadian Pacific made material advances. The close was steady.

Canadian Press

Montreal, May 8.—Shareholders of Montreal Light, Heat and Power, consolidated, at a special meeting here to-day, confirmed a by-law to increase the authorized share capital of the company to 1,000,000 shares.

The authorization of the shareholders will make it possible for the company to proceed with its plan of offering the newly issued stock to shareholders and customers.

Warrants will probably be mailed to shareholders between May 20 and 30, 1930, entitling them to rights in the proportion of one for each share of new stock held. Ten such rights will entitle the shareholders to purchase one share of new stock at \$50.

In regard to dividends, Mr. Morris announced the intention of the board of directors to fix the dividend on the new Montreal Light, Heat and Power, Consolidated, at 10 per cent on the rate of \$1.50 per share per annum (equivalent of \$3 on the old stock) effective for shareholders of record June 30, and payable July 31, next.

The dividend rate of \$1.50 per share per annum, on the new stock, represents an increase of 30 cents per share per annum. The old rate, on the stock prior to its recent split, amounted to \$2.00 per share, or \$1.20 on the new issue. A quarterly dividend of 37 1/2 cents per share will be paid on July 31 to shareholders of record June 30.

BEARS ARE ROUTED IN COPPER STOCKS AND PRICES LEAP

Associated Press

New York, May 8.—U.S. Steel and Radio climbed above yesterday's close in the late dealings on the New York stock exchange today, but their rise was accompanied by extreme dullness throughout the list.

A. I. Case, which had been as low as 102, returned to 123 1/2, more than 10 points net higher. Worthington Pump and Diamond Match, as well as Western Union and Canadian Pacific, made material advances.

A steady backwash of selling swept over the stock market today, but after the U.S. Steel reached new low ground for the year, the wave of liquidation quickly receded.

By R.C. Bond Corporation Limited

ADVERTISING LITTLE CHANGED

New York, May 8.—Brokers' loans for the week show a decrease of \$800,000, according to the figures in the official report issued after the close of the market this afternoon.

As the close of the market today the New Jones average of 24 industrial stocks stood at 268.93, up 24 points for the day; for twenty rails at 141.82, off 24 points; and for twenty utilities at 174.11, up 46 points.

Call money firmed from 3 to 3 1/2 percent.

SHORTS SCURRY

An unusually short interest, which had sold the copper stocks to a standstill, was suddenly routed and driven to cover to-day, with the result that the copper stocks staged a fast rise.

Sales totaled \$748,800 shares.

As the bears scrambled for protection from the coming of the bulls, Anconda shot up to 57 1/2, which compares with a price of 55 1/2 yesterday. Granby gained four points to 31 and Howe Sound 3 1/2 points to 30.

COPPER SALES IMPROVED

The cheer for the market and the trouble for the bears were derived from the reports that copper sales, both domestic and foreign, were on the increase and it was contended that producers felt confident of the development of a large demand for the metal at either 15 1/2 cents a pound or 12 cents a pound.

Dow Jones reported that large buying of copper both here and abroad was probable within the next week or two. The New York Times declared that the efforts of copper producers to stimulate demand by scaling down prices were now beginning to meet with success.

RECOVER FORM EARLY FALL

U.S. Steel common tumbled to 165 1/2 from 169 1/2, but recovered at the close to 168.

Radio broke from 48 to 44 1/2, and then came back to 47.

From a technical standpoint, the relative resistance of the market when

NEW YORK STOCK EXCHANGE

By R.C. Bond Corporation Limited

MAY 8

SMALL VOLUME EXPECTED

"We expect a further decrease in daily turnover, accompanied by irregularity," H. P. Ellis, 10-day says. "There should be gradual emergence of individual situations where earnings and positions of individual companies in their respective industries are known to be maintained above the general level."

In a market like this it is more than ordinarily difficult successfully to measure the day-to-day, or short trading fluctuations, and we would advise against that.

Representative list of common stocks for purchase to hold over the next several months would include General Electric, Westinghouse, Standard Oil of New Jersey, Public Service, National Electric, Air Reduction, Dupont, Liggett and Myers, B.

SECONDARY SELLING

SEEN AS KEY

"Secondary selling the next week or two will offer a more reliable guide to the actual status of the market than did the recent reaction and recovery, particularly as general revival of business will apparently be postponed at least until autumn," The Wall Street Journal says.

STEEL RESISTANCE CHECKS

The Journal of Commerce explains the resistance of U.S. Steel common following the appearance of pessimistic reviews of the steel situation and that under the circumstances the decline of Steel by failing to break its late for the year, is having a strong influence on trading sentiment, since of late it has frequently set the pace.

CHAIN STORES IMPROVE

With a few exceptions, chain store systems are reporting increasing sales for the first quarter of the year. The figures do not tell the whole story of profits, it is nevertheless healthy that volume is increasing. The Herald-Tribune says.

BANKERS LESS ENTHUSIASTIC

"The New York American to-day says: 'Little enthusiasm over market prospects in the near future is expressed in banking quarters. The plan upon which the lower Broadway oil people took some handsome profits in Standard Oil of New Jersey'."

TRADING MARKET PREDICTED

Wall Street Mirror to-day issues the following to its clients: "The stock market is acting in a perfectly normal manner and now gives promise of developing into an excellent market. In other words, good profits are to be made on both sides of the market. It was a foregone conclusion that stock taken to support the market would be sold at the earliest opportunity. Some of this support stock already has been thrown on the market."

CASE THRESHING LOOKS GOOD

"Case Threshing Machine earnings for the first quarter are estimated at better than \$11 a share, with a consequent showing for the full year of well above \$40 a share. Case is one of those stocks which will move sharply every time the market gives it half a chance."

"Among the stocks which look cheap at current levels is Electric Power and Light. The plan upon which the company is turning over certain of its properties to United Gas will probably be made effective as of May 15. Taking into consideration the securities of the new company that will be turned over to the Electric Power and Light, the latter stock is selling away out of line. Current prices for United Gas issues give Electric Power and Light a value of \$90 a share. Coupled with Electric Power and Light's other holdings, the value would be well above \$100 a share. Each point advance in United Gas common calls for a two-point advance in Electric Power and Light. The close association of United Gas with Electric Bond and Share makes United Gas very attractive."

ZINC BREAKS TO NEW LOW

New York, May 8.—Zinc late yesterday sold down to 1.65 cents a pound. East St. Louis sold 1.60 cents, making a new low for the year.

WHITNEY LETTER

By R.C. Bond Corporation Limited

NEW YORK, MAY 8, WHITNEY OF WALL STREET FINANCIAL BUREAU SAYS TO-DAY:

"The market performance given yesterday, in spite of the unwarranted bullishness generated by the closing dip, fulfills what its pure and simple expectation and the one which was expected for it here yesterday at which time it was stated that the outlook for the future advance in the early portion of the session, with profit-taking developing in the late afternoon."

"This simply means that, starting with the bottom and turn last Monday, it was to be expected that the advance which would carry the industrial average upwards from fifteen to seventeen average points, and the rails and utilities to eleven points, would take the session by phases, there would be a relatively moderate interruption. This, as it was pointed out, would provide us with a good buying point for the future advance, with the low of last Monday being not already been utilized for this purpose, or where additional commitments were being contemplated."

"This check has come, and with it the second phase of the advance, buying, with the important consideration at the moment being to utilize what carryover of the closing selling movement there is in the early portion of the session, the place to do this buying for the second phase of advance."

"I believe that before to-day's market is very old it will become generally realized that a solid bottom had been laid, and that the stocks are not going to go any more to it before they turn around and start up again. With this thought being supplemented by the realization that the market is not going to be first, and a decrease in brokers' loan figures which will be enough to take back most of the increases of the preceding two or three weeks, this decrease, as previously stated, should be the first evidence of a downward trend in the figure which before is completed, will result in a total reduction in that item of close to \$500,000,000 or practically one-half the amount which it has risen since the November break."

"This quick restitution of an advantageous brokers' loan relationship to stock prices, as well as a continuance of actual lowering of already low figures to the department with the background for the additional advance which, I believe, will see its inception early in to-day's session."

AMENDMENT ON BUDGET IS HEARD BY M.P.'S

(Continued from Page 1)

DIRECT TAXATION

"That a much larger proportion of our revenues should be provided for through direct taxation, more especially for the income tax."

"We further wish to state our conviction that these and other changes in our fiscal policies are not of themselves a solution of our modern economic problems, but that the development of co-operative principles, having regard to production, distribution and the utilization and control of credit."

An amendment moved by Hon. R. B. Bennett, Conservative leader, already was before the House.

Ottawa, May 8.—The budget entered on its fourth day of discussion in the House of Commons this afternoon. The debate was opened by Hon. R. B. Bennett, Conservative leader, already was before the House.

Before the discussion started Hon. J. C. Bennett, Minister of Public Works, told the members that he had been prepared for a dam at North Vancouver. The question had been brought up in the House yesterday by Mr. Bennett.

Hon. R. B. Bennett, Conservative leader, referred to what he called the "pernicious unemployment conditions" among coal miners at Fernie, B.C., and to the question of the coal industry. He mentioned an announcement to-day from Montreal of the arrival of a further shipment of coal from Russia and wanted to know what was the attitude of the government in respect to permitting the continuance of Russian coal importation.

INQUIRIES IN RUSSIA
Some weeks ago complaints were made to the department, said Hon. D. E. Miller, Minister of National Revenue, regarding the importation of Russian coal into Canada. In consequence of these complaints, inquiries had been made in Russia to ascertain the conditions under which that coal was produced and also to find out the coal was exported at prices below production cost. So far no report had been received.

E. J. Garland, R.O. River, and he presumed the radio branch of the Marine and Fisheries Department did not propose to complicate the "radio situation" by granting a license to the Canadian Pacific Railway.

The application of the C.P.R. for permission to erect three high-powered broadcasting stations, one in Montreal, one in Toronto and one in western Canada, at a point to be selected later, was under consideration.

AKS ABOUT CHANGES

In resuming the budget debate, Mr. Stevens said the Government had given no indication in the budget whether they were in favor of increasing the rate of revenue involved in the taxation changes. The Opposition proposed to ask the Minister of Finance the effect of these changes. He repeated that the Government was not in a position to say whether or not it had previously been customary on the part of the Minister of Finance to be present when the budget debate was in progress, but to give consideration to the various suggestions advanced during the discussion.

Several years ago the budget debate had been so productive of suggestions that Mr. Stevens, then Minister of Finance, had brought in a second budget.

For seven years, continued Mr. Stevens, the Government had "ignored" the budget, had brought in a second budget.

United States governments were steady, but dull. A new loan issue of \$17,000,000 Republic of Uruguay six per cent bonds was the largest in the day's total of \$42,500,000.

DEARLY OF BUYING HYPOING COPPER

New York, May 8 (Branson, Brown, Birch)—At the annual meeting of the Copper Institute, Stephen Birch says:

"All business is far from normal, but the copper industry is not worse than any of the other industries."

He is not concerned about the price so much as by the lack of buying. If Kennecott could sell at present price all the copper it could produce it would make as much money if not more than it is now making."

Mr. Birch thinks that a great deal of business is being held back, and that this business may be slow in coming.

Large appropriations have been made by industrial corporations for improvements and enlargements of their business, but it is only natural that executives who have the spending of these appropriations should hesitate when business is falling off and, of course, there is always that tendency to hold off in hope for lower prices. Commodity prices have been going through the same adjustments as the securities market.

Mr. Birch declared views of copper have not gone out of fashion, but that fact copper is finding new uses all the time. Directors are slow.

LAPORTE IS THE FIRST SPEAKER IN CAMPAIGN

(Continued from Page 1)

The joint Liberal associations of North and South Oxford, in honor of Hugh Allan, and Thomas M. Cayley, the two sitting members, stressed the world importance of Canada's trade which was as great now as that of the United States when that country had 80,000,000 people. He believed the widening of the British Empire would be more to foster Canadian trade than any other policy. "We want to trade with all the world," he emphasized.

He said the Government's desire to establish higher levels of trade with countries which desire to trade with us, and we will see to it that is done."

OBSTACLES REMOVED

The Minister, declaring the Liberal Party was devoted to the development of the most important national policy, the Liberal Government had been responsible for removing two great obstacles which had lain in the path of perfect Canadian trade, which was the solution of the maritime transportation question and the other was the restoration of their natural resources to the western provinces.

COUNTERVAILING DUTIES

He believed the countervailing duties provided in the Dunning budget would prove to be its most popular feature. They were not a departure from principle on the part of the Liberals, nor was it a new policy for the Government. It was a policy which had been in place on the statute books, a permanent feature of reciprocity, giving the Government the right to lower duties on the right to lower duties and when the President of the United States exercised his executive prerogative to lower duties on Canadian goods, that still was a part of Canada's law and could be utilized at any time.

Mr. Laporte forecast victory for the Government in the forthcoming election. He was a fact, he said, that the Government by-elections the Government not only had retained all the seats won in the 1928 general election, but had gained two.

Of Hon. R. B. Bennett, Conservative leader, the Minister of Justice predicted: "The new Moses found on the beach at Winnipeg never will see the promised land."

More than 700 people attended the banquet which was held in the Woodstock Armory. Miss Odette Laporte and Miss Odette Laporte, secretary of the Twentieth Century Club, were other speakers. The latter is a daughter of Hon. Calixte Wilson, Canada's only member of parliament who was unable to be present here today. Hugh Allan, M.P. from North Oxford, spoke briefly in introducing the Minister of Justice.

Spain Dictatorship Rumor Denied To-day

Madrid, May 8.—Reports published in Paris of an attempt by two Spanish generals to establish a dictatorship were denied here to-day. All is quiet in Spain.

Dorothy Dix's Letter Box

Shall the Marriage Which Has Proved a Torture for 15 Years Be Continued for the Sake of Appearances? Is a Girl Ever Justified in Proposing to a Man?

DEAR MISS DIX—I've been married twenty-five years. We were a poor dog and girl when we started out, but we were both ambitious, industrious and we have prospered, and now at middle age should be happy. To the public our married life looks ideal. To me for the last fifteen years it has been a torture, and had it not been for two wonderful children it would have ended long ago. Now they are grown, educated and started in the world. Now must I continue the balance of my life in this torment?

My wife is a wonderful housekeeper, but that is all. For years she has refused all obligations as a wife and has given me no companionship. I have bought and furnished a beautiful home, but I don't dare live in it. Hardly dare to sit on a chair. To read the paper or lay it down is a crime. To smoke is out of the question. I am merely the bank account, the handy man about the place, a watchdog at night. I get no smiles in my home, nothing but nag, nag, nag, insults, slurs or complete silence.

My wife is not happy, either, so why should we go along keeping up appearances for the public? The children know the situation and would not disapprove if we got a divorce. I am willing to make a fair settlement on my wife. I am not in love with a flapper nor do I want to marry any woman. All I want is peace, contentment and happiness for the remaining years of my life. Why is it not better for two people who have ceased to love each other and come to hate each other to be divorced than to live as strangers? Why should homes be kept up after they become a hell on earth.

Answer: I don't think they should, Mr. X. X. I think when a man and woman get to the place where you and your wife are that the only decent and moral thing for them to do is to part and go their separate ways. I think that for a husband and wife to live together after they have come to hate each other is the most demoralizing thing on earth, because they bring out everything that is mean in each other's nature.

I know that when a man and woman get married they take a solemn oath to stick together until death parts them, but intolerable conditions often arise that make a vow more honored in the breach than the observance. I know that many people consider it a husband's and wife's duty to live together, no matter how miserable they make each other, but common sense asks: How can it be a duty for us to be miserable when we are doing no good to any other human being by our sufferings?

We are past the days when we believed that there was some mysterious virtue in misery, that we were uplifted and purified by wretchedness, that we were better men and women when we were unhappy.

We are wiser now. We know that happiness is like sunlight, in which the soul expands and blooms, that it fills us with kindly thoughts and sympathy and faith and hope in all beautiful things. And we know that unhappiness, and especially domestic unhappiness, warps our views and fills us with bitterness and cynicism. So how can it be a duty for a man and woman to be bound together who make each other wretched and turn the milk of human kindness in each other into clabber?

And how can it be a duty to live together when they cannot live in peace? When their natures are so antagonistic that they fight like cat and dog?

The most beautiful thing in the world is a home in which there is love and peace and understanding, but the most terrible thing in the world is a home in which there is constant bickering and quarrels and arguments and which is a perpetual storm centre. The atmosphere of such a home is more poisonous than the most deadly malaria. It ails everything that is good in a man and, if he is not careful, it seems to me there is no more duty to cherish it than there would be to cherish a peck hole.

The chief obligation in every marriage is to the children who are the result of marriage. They do not come of their own volition into the world and it is their parents' duty to give them as good a chance as they can in it. It is their parents' duty to provide them, if possible, with a settled home in which to grow up and to give them the advantage of having both a father and a mother instead of half-orphaning them.

You have done this and now that your children are grown and on their own, I see no reason why you and your wife should any longer endure a marriage that has become a martyrdom for you both. I can see no good that would be attained by your living together in strife. I cannot see how it will make you a better man and your wife a better woman. I can see only one who irritates you and keeps your temper and your nerves on edge and your hearts filled with hatred and murderous thoughts.

But Mr. X. X., how did you and your wife get that way? You started out as lovers, and as partners who worked and struggled together. You must have been congenial then. You must have been pals and companions then. You must have hoped and dreamed together then. You must have been happy then.

What caused the parting of the ways? What killed your love? What turned your wife into a nagger and a shrew? What made her lose interest in you? What turned your marriage from a success into a failure?

Were you too immersed in business, too keen on making money to pay her any of the little attentions that women crave? Did her love starve to death because you ceased to feed it on the honeyed words it hungered for? Did you ever try honestly and with set purpose to develop her so that she would keep step with you and be a companion to you at middle age? Did you ever try to interest her in the things in which you were interested?

Were you too soft with her? Did you take the line of least resistance and meekly give in when she first began to henpeck you? Why did you let her monopolize the house and tell you where you could smoke and where you could sit and whether you could lay down a paper or not? Isn't it a man's fault when he lets his wife bulldoze him into wiping his feet on the mat and using the back entrance to the house he bought and paid for?

When a couple who have been married a long time separate it always seems as if the divorce is a sudden tragedy, but the cause of it always goes a long way back and it begins in a man and woman not having deliberately and intelligently tried to make a success of their marriage from the start.

DEAR MISS DIX—I have been proposed to by a girl. I have known her for a long time and have always found her to be a fine, modest young lady, but I was amazed at her proposing to me. Do you think a girl is ever justified in proposing marriage to a man?

Answer: It is no indication that the girl is forward and bold because she popped the question to you, Pete. It just shows that you are slow or dumb or something and that she got tired of waiting on you.

Some men are like that. They monopolize a girl's time and give every indication that they are in love with her, but they never come to the point. They never mention marriage. So what is a poor girl to do? She doesn't want to go on wasting her sweetness on the desert air when it isn't going to get her anywhere. And she wants to know where she stands. She wants to know whether the man means business or whether he is just one of these perpetual petters who make love and say everything except the important thing, which is: Will you be my wife?

And why shouldn't a girl propose? What's there immodest about it? It seems to me it is a lot more ladylike and honest for a girl to come out flatfooted and tell a man plainly that she loves him and would like to marry him than it is for her to use all her arts and wiles and sex appeal to lure him into saying the fatal words.

And you know that because a girl proposes you don't have to say "yes" unless you want her. You can always say "no."

DOROTHY DIX.

Monaco Is to Have Second Election

Monte Carlo, Monaco, May 8.—Prince Louis has issued a decree nullifying the election of the entire National Council because of its "having been carried out contrary to the constitution."

May 17 and 18 are named as dates of the new election.

The general election was held March 31, when the party of the prince, represented by Prince Eugene Marquet,

won overwhelmingly. The delegates chosen met on Sunday and elected the National Council, which Prince Louis yesterday declared was not the one which the population had instructed them in its election mandate to choose.

VODKA REGULATION

Moscow, May 8.—A decree prohibiting the sale of vodka, wines and other alcoholic drinks on workers' pay days was issued yesterday by the Commissariat of Home Affairs. Such sale is prohibited when wages are paid out in all cities and towns. The decree also forbids the sale on revolutionary holidays.

SIX-MONTH SENTENCE
 Kansas City, May 8.—Dert R. Potter, twenty-eight, driver of a private automobile which careened through a street safety zone here three weeks ago, injuring thirty-one persons, was convicted of a manslaughter charge by a circuit court jury here yesterday and sentenced to six months in the county jail. Testimony showed Potter was going on a personal errand when the automobile crashed into a Sunday crowd waiting for a street car.

THRILLING WESTERN RODEO STORY PLAYS AT THE COLUMBIA

Realism in every sense of the word is the basis of Ernest Ingham's thrilling western feature, "Cheyenne," now showing at the Columbia Theatre. This feature, starring Ken Maynard, the bare-knuckle rider of the saddle, is a story of the round up and rodeo, and was taken at the regular Cheyenne, Wyoming, open air show. The entire rodeo is shown upon the screen, with Ken entered in all the principal events and displaying more stunts and riding skill than ever before. "Cheyenne" is not only another Maynard but the very essence of thrilling dramatic action, coupled with a smooth running action story. For laughs, thrills, action and story "Cheyenne" has all previous pictures of its type shaded.

NOTED PIANIST IS HEARD IN PICTURE AT THE PLAYHOUSE

In the bathroom scene of "The Lost Zeppelin," Tarran's all-talking special which is being shown at the Playhouse Theatre, Ivan Nyrerghy, a noted concert pianist, is heard. Abraham Meyer, who has charge of Tarran's musical needs, obtained his services. The pianist plays selections from Liszt and Chopin.

POPULAR CAST IN CLEVER PLAY AT ROYAL VICTORIA

The Gordon McLeod Players present the last but one of their plays at the Royal this week, "The Naughty Wife," a clever comedy, with a novel

2 MEALS DAY, PLENTY WATER, HELPS STOMACH

"Since I drink plenty water, eat 2 good meals a day and take a little exercise now and then, I've had no trouble with my stomach," O. DeForest. Unlike other medicine, Adierla acts on both upper and lower bowels, removing poisonous waste which causes gas and other stomach trouble. Just ONE spoonful relieves gas, sour stomach and sick headache. Let Adierla give your stomach and bowels a REAL cleaning and see how good you feel! At leading druggists. (Adv.)

Where To Go To-night

THE SCREEN
 Capitol—"Sarah and Son."
 Columbia—"Cheyenne."
 Dominion—"Honey."
 Playhouse—"Zeppelin."

THE STAGE
 Royal Victoria—"The Naughty Wife."
 Variety—"The Ghost Chaser."
 Crystal Garden—Swimming and Dancing.

plot. The four leading roles, played by Gordon McLeod, Lillian Christine, Maynard, R. Barbe-West, and Claude Bailey could not be in better hands. On Monday night the players were somewhat handicapped by the sudden illness of one of the minor characters so George Durban played a considerable part at two minutes' notice, and Mr. Gillett played the part originally cast for Mr. Durban. The audience was probably not aware of the difficulty until Mr. McLeod mentioned it in a little speech at the end of the play. For those who enjoy real comedy "The Naughty Wife" is one of the finest on the stage, with witty lines, very funny situations and a possible story. The second act is also particularly pleasing in its scenes. Altogether this is one of the most brilliant offerings of the Players' season.

GHOSTLY STORY IS WELL RECEIVED AT VARIETY THEATRE

The three-act mystery-comedy, "The Ghost Chaser," is one of the most popular successes the Variety Theatre has ever presented at the Variety Theatre. Dealing with the supernatural in a way that sends chills along the spine, this brilliant hit also provides a fine feast of comedy with the inimitable Raymond "Toby" Lettich, starring as Samuel Haden, a detective, who is delegated to run down the ghost which is haunting Colfax Manor. Estelle Colfax is concerned because the house has never had tenants since the death of her grandfather under circumstances that gave rise to the suspicion of foul play. She scoffs at ghosts and is quite confident she can clear up the mystery surrounding the house.

This recent Broadway success is thrilling in the extreme and replete with sparkling comedy.

BEAUTIFUL RUSSIAN ACTRESS IS LEADING PLAYER AT COLISEUM

Sounds a bit out of the ordinary, yet Lella Karnell, beautiful Russian actress, though legally entitled to the prefix of Countess, disdains the title. Miss Karnell won the coveted role of "Olga" in "The Cock Eyed World," solely on the basis of a talkie test. Raoul Walsh, who wrote the scenario and directed from a story by Laurence Stallars and Maxwell Anderson, admits he had never seen her until she was sent to him for a test.

In the story, Lily Demita, who is featured with Victor McLaglen and Edmund Lowe, forms a trio with Miss Karnell and Jean Bary, important in the love affairs of the leatherneck heroes.

NANCY CARROLL IS IRISH COLLEEN IN DOMINION PICTURE

The Irish ancestry of Nancy Carroll, sweet-voiced sweetheart of "Sweetie," is a factor in her portrayal of the starting role of "Honey," her newest picture, which is now at the Dominion Theatre.

In "Honey" which is based on the famous stage success, "Come Out of the Kitchen," Nancy plays the part of the southern belle who is forced to rent her parental estate to a group of visiting easterners to save it from mortgage debts. A defection in the ranks of the family servants makes it incumbent upon Nancy to assume the role of cook with the added quality of an Irish brogue to give the deception greater force.

The picture is enriched by the tuneful melodies of Harling and Costlow, well-known lyricists and composers. Miss Carroll herself sings two of the hit numbers.

POWERFUL DRAMA OF MOTHER LOVE AT THE CAPITOL

That an impoverished woman can lift herself from the depths of insignificance to the heights of personal success and luxury is the theme of "Sarah and Son," powerful romance-drama which furnishes the main feature of entertainment at the Capitol Theatre this week.

GERMS AND VACCINATION

(Continued From Page 4)

Dr. Haden and Miss Kittie are not the only ones opposed to the germ theory of disease, and one of the popularities laid down by Professor Koch was that the germ must always accompany the disease. It is widely known that this is not the case and that healthy persons carry these supposed disease germs. Therefore we assume that there are other causes such as internal food poisoning and external gas poisoning, which are quite likely to disrupt the delicate machinery of the body, causing various diseases which end in disease. After seven years of study, it should not be necessary for any doctor to inoculate all animals to see what will happen. Such disease in animals could not compare with a naturally contracted disease in man. While these inoculations on animals are not the simple things they sound, the long-drawn-out agony of weeks or months is not the Britisher's idea of fair play, shall

we spare ourselves at the expense of anything so weak and defenceless? It is like a drowning man catching at a straw. The difference between animal and man is instanced in the fact that fright and chloroform will sometimes kill a dog, while acetic acid, used by us as a medicine, is deadly poison to a cat. A pigeon can take twelve grains of morphia without any harm, while a single grain would send any human being to his or her last account. A hedgehog can swallow as much opium as would last a Chinaman a fortnight and as much prussic acid as would kill a regiment of soldiers. These creatures, who look to us for support and who are so like us in feeling and enduring pain, but different in mechanism and I may say, faithfulness, love and trustfulness, cannot be entirely ignored.

No doubt doctors do their best to relieve the body and mind of man, but they do not guarantee results, and like other workers in every field, they have their reward, often a larger one than people can afford to pay. For this expensive reason, people are considering Government health insurance. Lloyd George, the originator of this scheme, was very much upset at the large sum of money taken from this insurance to launch vivisection on that way to a goodly regular income while plugging their trade of horrible experiments.

When Dr. Calvert partisans Jenner as a benefactor to mankind, he probably was not aware that one of his fraternity recently published the fact that his ignorance was amazing and that he did not leave out one mistake which it was possible to make. The germ theory is based on Jenner's idea, and I therefore agree with Dr. Calvert that it would not be wise to go back to his time. Most of the examinations were then not necessary, and Jenner practiced twenty years before he thought it necessary to obtain any letters, when he commenced with a Scotch university and got the degree of Doctor of Medicine for £15 (£70) and nothing more. He never passed an examination, and the farmer who first vaccinated was the farmer who first practiced vaccination and from whom Jenner learned of the idea.

Referring to Dr. Haden's inspired utterance against thousands of opponents, I quote Dr. Calvert's own comparison of a brave man in Galileo, who stood his ground against the world. Professors Chatterton, Craigston and Crookshank are men of renown and have never been refused although belonging to the Haden party. The great surgeon, Ernest Hart, declared that vivisection had done nothing but lead to horrible bungling; while in therapeutics the whole work of the vivisectioner have spent more than three years of study, and since we are living in the age of freedom we shall continue to press forward towards a more civilized civilization where the weak are equal with the strong and vivisection a thing of the past, like the burning of martyrs at the stake for religious views.

S. GREEN,
 3068 Millgrove Street, Victoria, May 4, 1930.

SISTER MARY'S KITCHEN

By SISTER MARY

The combination meat and fruit cooked together is rather out of the ordinary and unusually good. Tradition has taught us to serve certain fruit sauces with certain meats, but modern progressiveness has gone further and combined fresh or dried fruits with meats in cooked dishes.

There's a definite reason why these fruit and meat combinations are so very worth while. The acid of the fruit acts upon the fat particles, breaking them up and making them more easy for the system to assimilate. The mineral salts of the fruits are valuable in maintaining the balance of a meal rich in protein and in counteracting the effects of meat in the diet.

The fruits may be fresh, canned or dried. Often the juice is used to give piquant flavor. Other combinations use the whole fruit drained from the
